PASADENA, TEXAS 77506

July 31, 2025

To Members of City Council:

I am pleased to submit the Proposed Budget for Fiscal Year 2026 for your consideration. The City continues to maintain a strong financial position, with all major funds reflecting sound reserves that allow us to meet current and future obligations while maintaining the high level of services our community expects and deserves.

The FY 2026 Proposed Budget provides a combined total fund balance of approximately \$345.5 million, which includes \$139.3 million in Governmental Funds:

- General Fund: \$111.1 million
- Special Revenue Funds: \$22.2 million
- Debt Service Fund: \$6 million

General Fund:

The General Fund Proposed budget for FY 2026 is balanced, with total revenues and expenditures of \$162.5 million, representing a 1.4% increase over the FY 2025 Amended Budget. The final property tax rate from Harris County is pending; the preliminary increase is currently placed in Budget Contingency and will be updated once certified values are received.

The General Fund balance is projected at \$111.1 million at the end of FY 2025. In FY 2023, the City adopted a 90-day operational/emergency reserve requirement through Ordinance No. 2023-054, equal to \$37.9 million of this ending balance.

The Proposed Budget includes \$3 million in General Fund CIP Annuals for paving, drainage, sidewalks, and mobility improvements.

Revenue Sources:

Our primary revenue sources remain stable as we look ahead at FY 2026.

**Property Tax:** The FY 2026 Proposed Budget includes estimated property tax revenue based on collections to date and last year's levy, as Harris County had not certified the tax roll at the time of budget preparation. The budget is based on preliminary taxable values of \$14.7 billion and an estimated tax rate of \$0.46559. The actual no-new-revenue rate will be calculated in early August following certification. This estimate supports maintaining current service levels and covering debt obligations from the recent Certificates of Obligation issuance. Revenue from new property is not yet known and will be updated when certified values are received.

**Industrial District:** The FY 2026 Proposed Budget includes \$30.1 million in revenue from the Industrial District, representing a 0.5% increase over the FY 2025 Amended Budget. Updated contracts and continued collaboration with our Industrial District partners help ensure long-term stability and position the City for future growth.

**THOMAS SCHOENBEIN, MAYOR**  
CITY OF PASADENA  
1149 ELLSWORTH DR.  
PASADENA, TEXAS 77506

**Sales Tax:** The FY 2026 Proposed Budget projects a 1.6% increase in sales tax revenue compared to the FY 2025 Budget. This estimate is intentionally conservative and based on prior year collection trends. Staff will continue to monitor sales tax performance and broader economic conditions throughout the fiscal year to adjust as needed.

Enterprise/System Fund:

The System Fund is projected to have a \$75 million fund balance at the end of FY 2025. The FY 2026 Proposed Budget includes \$3.5 million for the FY 2025 SEWPP CIP True-Up and estimated costs for FY 2026 and FY 2027 SEWPP capital improvements. By law, System Fund revenues are restricted to water and sanitary sewer-related expenses.

CIP Annuals for sanitary sewer and water line improvements/replacements are budgeted at \$3 million. An additional \$3 million is included in the CIP to fund construction of various lift stations currently under design.

Maintenance Fund:

The Maintenance Fund is projected to have a \$12.6 million fund balance at the end of FY 2025. The FY 2026 Proposed Budget allocates \$4.6 million for the purchase and replacement of vehicles and heavy equipment across various City departments to support operational readiness and service delivery.

Personnel:

Across all funds, the FY 2026 Proposed Personnel Budget reflects a 5.9% increase over the FY 2025 Amended Budget. This includes \$2.3 million to provide a 3% cost-of-living adjustment (COLA) for all eligible employees. Building on the education pay program implemented last year for Civil Service employees, the FY 2026 Budget extends the program to civilian employees at an estimated cost of \$324,000. Combined, the COLA and education pay initiatives will positively impact over 1,000 employees. The Proposed Budget also includes \$385,000 to continue the sick leave buyback program that began in FY 2023. Additionally, 20 new Police Cadet Positions are included to support the upcoming Police Academy.

In conclusion, the City remains in strong fiscal condition, with a General Fund balance that aligns with our financial commitments and supports our ongoing efforts to maintain and enhance service delivery. The FY 2026 Proposed Budget reflects our continued dedication to providing the high-quality programs and day-to-day services that our community relies on and deserves.

Respectfully Submitted,

Thomas Schoenbein

## **HOW TO USE THIS BUDGET DOCUMENT**

This document is the proposed annual operating budget of the City of Pasadena for the fiscal year beginning October 1, 2025 and ending September 30, 2026. This is referred to throughout as the FY 2026 or FY26 Proposed Budget.

A budget is a financial plan for a city. It includes both estimates of resources available, including revenues and fund balances, and appropriations, which is the authority to spend money for specific purposes. The budget is prepared and submitted by the Mayor to the City Council for adoption after the completion of public hearings as prescribed by the laws of the State of Texas.

The City of Pasadena receives its revenues from a variety of local, state and federal sources including taxes, licenses and fees, court fines, and payments for municipal services such as water, sewer, and garbage collection.

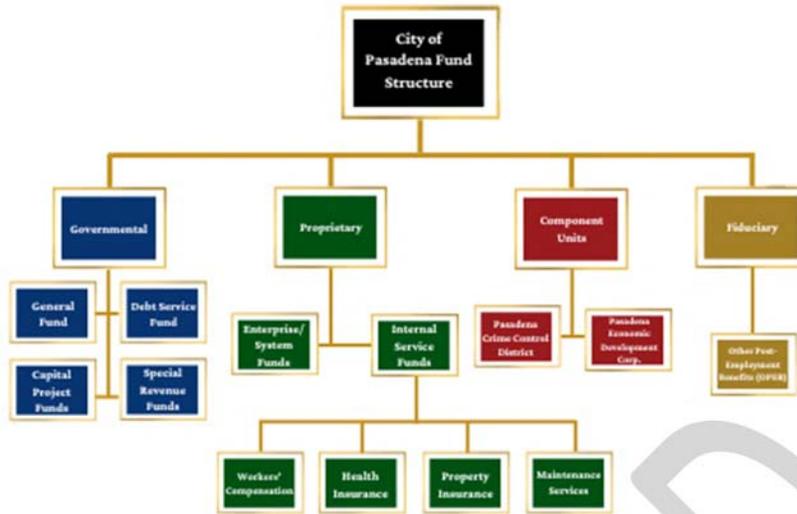

This is the City's Operating Budget. As such, it includes expenditures to provide operating services for the coming year: providing police and fire protection, repairing sewer lines, maintaining parks, paying off debt, acquiring new library books, and performing inspections and other city services.

The City is required to make debt service payments to repay bonds sold to finance major capital improvement projects. Debt service payments are included in the Budget. Capital projects are not generally included in this budget.

In accordance with governmental accounting and financial reporting standards, the City accounts for its revenues and expenditures in separate funds. This helps to ensure that taxes, fees and charges intended for a specific purpose are in fact used for those purposes.

## **BUDGETING BY FUND**

The City budget is organized into funds. For fiscal purposes, a fund is a separate accounting entity with a self-balancing set of accounts in which cash and other financial resources, all related liabilities, residual equities and the changes therein are segregated and recorded. As depicted in the following chart, the budgetary accounting for City financial activities is reflected within two major fund groups: Governmental funds and Proprietary fund types. All funds described are governed by annual appropriations except for capital projects funds, which are individually approved.

**Governmental Fund** types are budgeted to account for the City’s general activities and use the modified accrual basis of accounting. Revenues are recognized when they become measurable and available. Non-salary expenditures are recorded based on the date goods and services are received. Most departments receive operating funding primarily from the General Fund. Several others, including Police, Public Works, and Municipal Courts receive operating revenues from other funds as well.

**Governmental Funds** include:

**General Fund:** The General Fund is the most important of the funds and is used to account for all resources not required to be accounted for in another fund and not otherwise devoted to specific activities. Most of the financial transactions for the City are reported in this fund. Only one General Fund exists and it finances the operations of basic City services such as police, fire, library, parks, recreation, municipal court, community planning/development and administration. The funding sources are primarily from property taxes, the City’s basic 1% sales tax, and franchise taxes, as well as payments in lieu of taxes.

**Special Revenue Funds:** These funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. This includes specific municipal court fines dedicated for specific services and programs as designated by state law (i.e. Court Security, Court Technology, Juvenile Manager funds), and monies seized in drug arrests that are dedicated to law enforcement.

**Debt Service Fund:** The Debt Service Fund is budgeted for the repayment of general long-term debt being financed from tax-supported obligations. A specific portion of the property tax levy is set aside to pay legal debt obligations through this fund.

**Capital Project Fund:** These types of funds are typically used to account for resources restricted for the acquisition or development of major capital equipment and structures. Financing sources are usually provided by transfers from other funds, bond issue proceeds or grants. Capital projects are generally tracked on a project-length basis. That is, upon project authorization, the required financing is approved at the outset of the project. Funding for these projects is described in detail in the Capital Improvement Plan (CIP).

**Proprietary Fund** types are accounted for by using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when liabilities are incurred. Funds are held in reserve, therefore, to cover significant liabilities. This includes accrued leave for city employees, incurred but not

**Proposed Budget Fiscal Year 2026** ii City of Pasadena, Texas

yet received billings for insurance claims, as well as future vehicle replacements. Proprietary Fund types include the following funds:

**Enterprise/System Fund:** The City's single enterprise fund, the System fund, is budgeted to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent is that the costs of providing goods or services to the general public be financed primarily through user charges. This budget is presented on a modified accrual basis to enhance understanding of how enterprise fund monies are used.

**Internal Service Fund:** This fund actually includes four sub-funds (Workers' Compensation, Health Insurance, Property Insurance and Maintenance funds) that are budgeted to account for the financing of goods or services provided by one department to other departments of the City on a cost-reimbursement basis. The Information Services and Maintenance Services departments receive operating revenues from these funds.

**Component Units** are separate entities from the City. These component units are governed by their own separate Board of Directors. Pasadena's two component units are:

**Pasadena Crime Control District** levies a ½% sales tax dedicated to crime control. This revenue is included under special revenue for presentation purposes. The Pasadena Crime Control District is a separate legal entity with its own Board of Directors.

**Pasadena Economic Development Corporation** (PEDC) is an independent agency under state law. The ½% sales tax is to be used for economic development which is administered by PEDC.

**Fiduciary Funds** represent a specific category of financial resources utilized in governmental accounting to account for assets held by a governmental entity in a trustee or agency capacity on behalf of individuals, private organizations, or other governmental bodies. These funds are not allocated for the direct support of the government's own programs; rather, they are intended to provide benefits to third parties, such as employees in the context of pension funds or other governmental entities. A defining characteristic of fiduciary funds is their administration in a fiduciary capacity, which obligates the government to manage these resources for the benefit of external parties in accordance with established trust agreements and relevant legal stipulations.

## **BUDGET FORMAT**

The information included in the Budget is organized into columns (financial data over time) and budget units (funds and departments). The financial information contained in the Budget is as follows:

**FY 2023 Actual** - Actual revenues, expenditures and fund balances recorded for the period ended September 30, 2023. (Previous data has been updated.)

**FY 2024 Actual** – Actual revenues, expenditures and fund balances recorded for the period ended September 30, 2024. (Previous data has been updated.)

**FY 2025 Amended Budget** – Authorized revenues, expenditures and projects fund balances for the period ending September 30, 2025.

**FY 2025 Estimated** – A projection (as of March 31, 2025) of revenues, expenditures and fund balances for the current fiscal year ending September 30, 2025.

**FY 2026 Proposed** – Estimated revenues, expenditures and projected fund balances for the period ending September 30, 2026.

## **BUDGET PROCESS**

The city charter establishes the fiscal year which begins October 1<sup>st</sup> and ends September 30<sup>th</sup>. To have an adopted budget in place by October 1<sup>st</sup> each year, the budget process generally begins several months before. This process began in late spring with estimates of projected revenue and expenditures for Fiscal Year 2026. Departments were given the opportunity to submit budget requests. Once all additional requests were summarized, the Budget Office determined which requests would be incorporated into the proposed budget without causing a mismatch between revenues and expenditures. The combined data allowed for a preliminary or “draft” budget.

## **BUDGET ADOPTION**

State law requires that the budget officer file the proposed budget with the City Secretary by 15 days before the public hearing. The city is also required to hold a public hearing on the proposed budget where any taxpayer of the municipality may attend and participate in the hearing. The hearing must be set for a date occurring after the 15<sup>th</sup> day after the date the proposed budget is filed with the City Secretary. A notice of the hearing must be published in the local newspaper not later than the 10<sup>th</sup> day before the budget hearing. At the conclusion of the public hearing, City Council must take action on the proposed budget. The budget shall be finally adopted not later than September 27<sup>th</sup>. Should the Council take no final action on or prior to September 27<sup>th</sup>, the budget, as submitted, shall be deemed to have been finally adopted by the Council.

## **AMENDING THE BUDGET**

As the fiscal year progresses, situations may sometimes arise that were not anticipated that have a fiscal impact to the City. Accordingly, departments are asked to reassess their needs periodically and submit a revision request based on new information or circumstances. These revisions are reviewed and adopted by the Mayor and City Council. Together with appropriation changes, new fund balance projections are then forecast. These steps result in the Amended Budget.
