

A Statement from Mayor Jeff Wagner

The City of Pasadena is encouraging residents to continue to be diligent in the fight against COVID-19. According to reports from the City of Pasadena Health Department and our Office of Emergency Management, our area is experiencing a spike in COVID-19 cases with the Delta variant being more transmissible than previous strains.

In accordance with Governor Abbott's Executive Order No. GA-38, visitors to public buildings in Texas are not required to wear masks, and government staff is not allowed to inquire about vaccination status upon entry. However, we ask for your cooperation in exercising personal responsibility as we continue to work as a team to navigate this challenge safely. Thank you and God bless you, your family, and the City of Pasadena.
