EXECUTIVE SUMMARY

AP-05 EXECUTIVE SUMMARY - 24 CFR 91.200(C), 91.220(B)

1. Introduction

The 2022 Annual Action Plan represents the fifth year of the 2018-2022 Consolidated Plan approved by the U.S. Department of Housing and Urban Development (HUD). This plan is the City of Pasadena Community Development Department’s official application for HUD entitlement grants and proposes programs and services to be funded during the City’s Fiscal Year (FY) 2023 Community Development Program Year (PY) 2022 (October 1, 2022-September 30, 2023). There are two sources of federal program funds included within this application, as follow:

- Community Development Block Grant (CDBG), and
- HOME Investment Partnerships Program (HOME).

The City of Pasadena anticipates receiving \$2,188,942 in Program Year 2022 funds for use towards public facility improvements, community development services and affordable housing. For each of the five years of the Consolidated Plan, the City is required to prepare an Annual Action Plan to inform citizens and HUD of the City’s intended actions during that particular year. At the end of each program year, the City must prepare a Consolidated Annual Performance and Evaluation Report (CAPER) to provide information to HUD and citizens about that year’s accomplishments towards achieving the goals and objectives identified for that year.

The City of Pasadena is proposing to reallocate \$80,994.09 in Program Year 2022 CDBG funds to Sarah’s House Operational Services (\$66,186.20) and Housing Rehabilitation Administration (\$14,807.89). The proposed activity, Sarah’s House Operational Services, will support the homeless need identified in the 2018-2022 Consolidated Plan by providing homeless women and children within the Pasadena area

transition from homelessness to independent living. Funds will be utilized to support staff costs directly related to the administration of the homeless shelter services, as well as operational costs associated with the shelter. Additionally, the proposed amendment will add an additional \$14,807.89 to Housing Rehabilitation Administration to support the increased administration, inspection and management costs necessary to administer the Housing Rehabilitation Services Program (HRSP). Due to responses received during the reopening of the HRSP waiting list in August 2022, the City anticipates increasing the number of eligible households assisted during the reporting period from two to four households.

2. Summarize the objectives and outcomes identified in the Plan

The 2018-2022 Consolidated Plan and the 2022 Annual Action Plan represents the City's ambition to improve the quality of life for residents, primarily in the low-to moderate-income areas of Pasadena. As required by HUD, each activity is linked to one of three federal program objectives: 1) decent housing, 2) suitable living environments, or 3) economic development. Each objective is matched with one of three outcomes: 1) availability/accessibility, 2) affordability, or 3) sustainability. The City hopes to achieve these objectives and outcomes in PY 2022 through the activities listed below:

- Rehabilitate degrading infrastructure to improve mobility and reduce hazardous conditions for Pasadena residents;
- Develop and maintain an adequate supply of safe, sanitary and decent housing that are affordable and accessible to residents within low-income guidelines by utilizing CDBG and HOME funds to assist with housing rehabilitation efforts;
- Strengthen neighborhoods by investing in public service activities benefiting the community, including those with special needs; and
- Ensure fair housing choice opportunities to all residents of Pasadena.

In order to address these needs, the City of Pasadena has developed goals and measurable outcomes in housing, public facility improvements and public services.

The City is committed to the proper implementation of a balanced Community Development Program that maximizes benefit to low-income persons both directly and through the improvements of their neighborhoods. By providing decent housing, suitable living environments and supportive services, the City of Pasadena intends to improve our low-income neighborhoods and provide our citizens with the needed resources to assist them in breaking both generational and circumstantial poverty.

3. Evaluation of past performance

To ensure compliance, the City of Pasadena Community Development Department has implemented revisions in its policies and procedures and continues to diligently work to meet all deadline requirements for CDBG timeliness and HOME deadline compliance status.

4. Summary of Citizen Participation Process and consultation process

The Community Development Department actively encourages community involvement and provides residents with opportunities to become involved in the development of the Annual Action Plan. Opportunities for citizen input are provided throughout the planning process via publications, postings, and public hearings. Public meetings are held in well-known locations with adequate space to accommodate large residential groups, and are accessible to disabled persons. Every effort is made to ensure that there are no barriers to attendance. During emergency situations, such as pandemics or natural disasters, the City may utilize virtual public hearings and meetings as allowed by HUD. In this situation, the ability for public comment will be provided. The public notices alert residents and provide contact information so that individuals may request special accommodations, such as interpreters for the deaf or non-English speakers. These measures help to ensure that the citizens of Pasadena, especially the

residents of the affected areas, have opportunities to articulate their community development needs and preferences as they relate to CDBG and HOME program funding, participate in the development of program priorities and objectives, and have their questions addressed.

5. Summary of public comments

All comments received in regards to development and implementation of the 2022 Annual Action Plan will be reviewed and accepted by the Community Development Department. Copies of public notices and comments (if applicable) will be provided in Appendix I of this document. 1. Introduction

The City of Pasadena coordinates and consults with public and private agencies throughout the development of its Action Plan. Partnerships with both public and private entities are crucial for the City of Pasadena to effectively service the community. To ensure the process is both comprehensive and inclusive, the Community Development Department is working with a number of city departments, the Pasadena Housing Authority, local non-profit agencies, and regional organizations.

The Community Development Department secures information from other city departments, private organizations and residents regarding existing conditions and strategies for addressing short-term and long-term community needs. The Community Development staff will continue to meet with and strategize with a variety of groups and agencies through the year to solicit input regarding the City's programs and to plan for future activities.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

The City of Pasadena Community Development Department is working to improve coordination with various public, private, and non-profit groups in the Pasadena community to address the community's priority needs, especially those of targeted low-to moderate-income persons and special needs populations. The City strives to partner with public and private agencies to ensure funding priorities are in line with current community development goals, and continues to enhance coordination among housing and service providers to better serve the community.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The Coalition for the Homeless of Houston/Harris County serves as the lead agency for the Houston/Harris County/Fort Bend County Continuum of Care (CoC) structure. The Steering Committee uses recommendations from network and task groups to guide policy development for the CoC, including funding and project prioritization. This structure was put in place to provide a more coordinated response to homelessness, where all funding in the region is targeted toward strategic solutions working to end homelessness throughout the region. The City of Pasadena Community Development Department works closely with the Continuum of Care (CoC) and the CoC Lead Agency, and holds a seat on the CoC Steering Committee. The City of Pasadena worked in collaboration as a CoC Steering Committee member in the recent 2021 update of The Way Home's Community Plan to End Homelessness to help achieve a functional

end to homelessness in the COC and, when not preventable, make homelessness a rare, brief and non-recurring experience.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The City of Pasadena Community Development Department continues to work closely with the Continuum of Care (CoC), which is comprised of five local jurisdictions (City of Pasadena, City of Houston, Harris County, Fort Bend County, Montgomery County) and the Coalition for the Homeless of Houston/Harris County (Coalition). Representatives from each of these jurisdictions participate in meetings, referred to as the Public Funders Workgroup, a group within the CoC structure which ensures that all members of the CoC are targeting funding towards continuum-wide goals. This group assists in updating and maintaining standards for the provision of assistance and performance. These continuum-wide performance measures are used to evaluate performance and determine resource allocations based on data from HMIS.

The City did not receive Emergency Solutions Grants (ESG) funds to be administered during Program Year 2022.

1. Summary of citizen participation process/Efforts made to broaden citizen participation
Summarize citizen participation process and how it impacted goal-setting

All public hearings and meetings are held in well-known locations which are accessible to all residents and adequate space is provided to accommodate large groups. The meeting places are accessible to disabled persons and every effort is made to ensure there are no barriers to attendance. The public notices alert residents and provide contact information so individuals may request special accommodations, such as interpreters for the deaf or non-English speakers. These measures help to ensure the citizens of Pasadena, especially the residents of the affected areas, have opportunities to articulate their community development needs and preferences about the CDBG and HOME Programs, participate in the development of priorities and objectives, and have their questions addressed.

During the development of the 2022 Annual Action Plan, the City made efforts to broaden citizen participation by conducting public hearings and/or meetings both in person and simultaneously on virtual platforms to limit public gatherings to aid in the prevention of COVID-19.

On January 12, 2022 the City of Pasadena began its citizen participation and consultation process with the publication of the Citizen Review Public Hearing scheduled on January 27, 2022 at 10:00 A.M. Additional Public Notices were released on February 16, 2022 and March 2, 2022 notifying the public of anticipated funding to be received by the City of Pasadena from the U.S. Department of Housing and Urban Development listing the City's funding priorities. The public notice serves as a communication tool for non-profits, service providers, businesses, and City departments interested in applying for CDBG, ESG and HOME funds. An application workshop PowerPoint was provided online to educate interested parties on basic requirements for CDBG, ESG and HOME programs. A second Public Notice for citizen review was released on April 20, 2022 and public hearing held on May 12, 2022 to gather citizen input for priority needs.

Additionally, information regarding all Public Hearings was posted to the City webpage to broaden community awareness. These hearings provided the public with opportunities to participate in an advisory role in the planning, implementation, and assessment of programs administered through the Community Development Department.

A funding meeting with the Community Development Advisory Board and staff was held on April 26, 2022 to discuss funding recommendations for the upcoming 2022 Annual Action Plan activities and projects; the public was invited to attend virtually - there were no outside attendees.

On June 1, 2022, a Public Notice was published on the City’s webpage and the Pasadena Citizen newspaper, a newspaper of general circulation, to notify the community of how CDBG and HOME Program funding will be utilized for the 2022 Annual Action Plan. In addition, the public was notified of the required 30-day public comment period beginning June 2, 2022 and ending July 1, 2022, with a public hearing scheduled on June 23, 2022 at 10:00 A.M. during the public comment period, no comments were submitted.

EXPECTED RESOURCES

AP-15 EXPECTED RESOURCES – 91.220(C)(1,2)

(This page intentionally left blank).

Introduction

The City of Pasadena (the City) is an entitlement jurisdiction that receives federal funds annually through the U.S. Department of Housing and Urban Development including Community Development Block Grant Funds (CDBG) and HOME Investment Partnerships Program Funds (HOME). Through the use of federal, state and local funds the City plans to carry out the objectives set forth in the 2018 – 2022 Consolidated Plan.

Entitlement grant resources totaling \$2,188,942 are estimated for the next fiscal year (October 1, 2022 through September 30, 2023) to address obstacles to meet underserved needs, foster decent housing, support public services and improve public facilities, while enhancing the coordination between public and private agencies. The results of these activities will be reported in the Consolidated Annual Performance and Evaluation Report (CAPER), to be published in December 2023.

The City of Pasadena is proposing to reallocate \$80,994.09 in Program Year 2022 CDBG funds to Sarah’s House Operational Services (\$66,186.20) and Housing Rehabilitation Administration (\$14,807.89).

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

Community Development Block Grant (CDBG) funds will leverage City General Fund, Bond Fund dollars and/or private sources for any of the following: infrastructure, revitalization, park and public facilities projects.

HOME Investment Partnerships (HOME) Program partners are required to provide matching contributions of \$0.25 for every \$1.00 of funding expended. This is usually achieved through volunteer hours worked, donation of funds, supplies and equipment.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

4	Goal Name	Enhance quality of life through Public Services
	Goal Description	The transportation of the elderly and disabled is a major public service provided within the City of Pasadena. This program is highly requested and supported by citizens of the community. However, services are also needed for mental health, HIV/AIDS and substance abuse. The City does not currently fund these services, but supports the submission of applications for funding from agencies with experience providing these special needs services. Although the City does not directly fund these services, the City plans to provide financial support to local emergency shelters who collaborate with many community partners including health services through the AIDS Foundation Houston and mental health services through Bay Area Council on Drugs and Alcohol.
5	Goal Name	Promote Fair Housing
	Goal Description	The City will fund activities related to the promotion of fair housing through education, outreach, research, and other methods. Although CDBG administration funding will be used to carry out this goal, this goal will not correspond with a project in IDIS.

Table 7 - Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The allocated priorities were based upon the City of Pasadena's approved 2018-2022 Five Year Consolidated Plan which was constructed with input from public service agencies, residents of Pasadena, and city departments. It was determined that a high priority level should be assigned to the following: Infrastructure/Public Facility Improvements, Housing Rehabilitation, Reduce Homelessness, Enhance quality of life through Public Services and Promote Fair Housing. The reasons for allocation priorities and obstacles follow:

- The primary obstacle to meeting underserved needs is limited availability of federal and local funding. The needs of the community are greater than the available local and federal funds.
- The degradation of street infrastructure has produced hazardous conditions and the absence of sufficient public facilities has caused a decline to community welfare.
- The lack of a public transportation system places elderly and/or disabled Pasadena residents at-

risk of maintaining a healthy and independent lifestyle.

- The aging of residential units and increased numbers of under-resourced residents in conjunction with a lack of public housing leads to a limited housing stock available to low-to-moderate income residents.
- Additionally, the City has a high demand to find qualified agencies with the capacity to operate programs efficiently and within compliance of applicable federal regulations.

The Community Development Department has the primary responsibility for the administration, planning, organizing and monitoring of the City's Community Development Block Grant (CDBG) Program and HOME Investment Partnerships (HOME) Program. In addition, Community Development is responsible for implementing required procedures to ensure City compliance with specific U.S. Department of Housing and Urban Development (HUD) and other federal regulations.

The City is proposing an amendment to reallocate \$80,994.09 in 2022 CDBG funds to Project No. 9 – Sarah's House Operational Services (\$66,186.20) and Project No. 4 – Housing Rehabilitation Administration (\$14,807.89). Funds were reduced from Project No. 5 – CDBG Program Administration.

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

Generally, the CDBG and HOME programs benefit the entire City of Pasadena in accordance with program requirements of each grant.

The CDBG Low/Mod Income Target Area includes all of the concentrated low-income census tracts within the Pasadena City limits. Approximately 68% (\$1,095,078.40) of the anticipated CDBG funds will be utilized to benefit this geographic area. Projects and programs that are counted in the calculation for the percentage of funds include the Thomas Avenue Paving and Drainage Improvements Phase II Project. Please see the map, titled City of Pasadena 2022 Program Year CDBG Projects and Programs, found in the Appendix III Section.

Approximately 68% (\$1,095,078.40) of CDBG funds will be utilized to benefit geographic areas with higher minority percentages. Please refer to the map, titled City of Pasadena North/South Estimated Minority (Other than White) Concentration of Low-to-Moderate Income Target Area, included in the Appendix III Section. The remainder of funds will be utilized to benefit client-based activities that are available to any income-eligible resident of Pasadena, regardless of whether they reside within a low-income census tract.

The boundaries of the geographic area coincide with the boundaries of the census tracts which have been identified through examination of the U.S. Census Data and the American Community Survey 2011 -2015 information as having median incomes below 80 percent of the area median income, see the City of Pasadena Low-to-Moderate Target Area Map A & B in Appendix III for reference.

The majority of the target area is residential with a mix of commercial properties and parts of the target area are located adjacent to refineries. Area-based CDBG projects are allocated geographically within the target areas delineated in the target area map, while beneficiary-based projects are allocated city-wide.

At this time the City is not requesting approval of a Neighborhood Revitalization Strategy Area.

Geographic Distribution

Target Area	Percentage of Funds
CDBG Low/Mod Income Tracts	68
Citywide	15

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The City of Pasadena Community Development Department solicits competitive applications for the receipt and use of CDBG and HOME Program funds to address specific objectives and priority needs. The City does not prescribe a specific percentage of funding to target areas. However, the City has identified target areas within the corporate limits that have 51% or greater low- to moderate-income populations. Additionally, areas within the target area that possess aging infrastructure or lack community resources are prioritized for investments. During Program Year 2022, one public facility improvement project will be funded through CDBG. Please refer to the attached maps, within the Appendix III Section, with census tracts and block group numbers, and the associated chart with related data.

[Proposed amendment will increase the percentage of funds allocated to Citywide projects from 11% to 15% with the addition of Sarah's House Operational Services.](#)

Discussion

The City of Pasadena is mindful of the location of services and seeks to ensure equitable distribution of funding to serve families in need across the City. Although the CDBG Low/Mod Income Target Area is the primary service area, additional target areas will be identified. Target areas are identified based on income determination data and revitalization efforts needed. The City allocates funding based on priorities identified in its 2018-2022 Five Year Consolidated Plan and proposals submitted in its annual application process.

AFFORDABLE HOUSING

AP-55 AFFORDABLE HOUSING – 91.220(G)

Introduction

Affordable housing activities undertaken by the City of Pasadena will primarily address the needs of non-homeless and special needs households. Various programs will provide these households with new units or rehabilitated units. The City's affordable housing goals and projects are detailed below.

One Year Goals for the Number of Households to be Supported	
Homeless	0
Non-Homeless	6
Special-Needs	0
Total	0

One Year Goals for the Number of Households Supported Through	
Rental Assistance	0
The Production of New Units	2

Table 10 - One Year Goals for Affordable Housing by Support Type

Discussion

The City will strive to utilize both funding sources to best provide affordable housing opportunities throughout the community. Funds provided by CDBG will support affordable housing with Housing Rehabilitation Program Administration. The HOME Program will support affordable housing by providing housing rehabilitation and/or reconstruction services and homebuyer opportunities to eligible low-income households

The proposed amendment to increase funds allocated to Housing Rehabilitation Administration will increase One Year Goals for the Number of Households Supported Through Rehab of Existing units from 2 to 4.

Introduction

The City of Pasadena strives to ensure that all residents have decent and affordable housing. This goal is facilitated through the Pasadena Housing Department’s Housing Choice Voucher (HCV) Program (TX440).

Actions planned during the next year to address the needs to public housing

The City of Pasadena’s Housing Program is a voucher program only PHA. The City of Pasadena does not own nor does it administer a Public Housing Program. However, for the Housing Choice Voucher Program, the City of Pasadena plans to continue to assist and administer the allocated 1,079 voucher participants with their rental assistance within the Housing Choice Voucher HUD requirements, in accordance with 24 CFR 982, during the next year while maintaining a High Performer PHA Rating with the U.S. Department of Housing and Urban Development (HUD) in the Section Eight Management Assessment Program (SEMAP) report in management of the program.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

The City of Pasadena does not own, nor does it administer a Public Housing Program for residents. However, the City of Pasadena encourages families to achieve self-sufficiency and homeownership through the Family Self-Sufficiency Program, available to current Housing Choice Voucher Program participants.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

Not Applicable.

Discussion

While the City of Pasadena does not administer a Public Housing Program, eligible residents are provided housing vouchers through the Housing Choice Voucher Program. The goal of this program is to promote participants to achieve self-sufficiency and obtain homeownership.

Introduction

The City upholds a strong partnership with the Coalition for the Homeless Houston/Harris County and with other members of the Houston/Harris County Continuum of Care (CoC) to align priorities and funding to address the needs of residents experiencing or at-risk of homelessness.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The City of Pasadena does not currently receive Emergency Solutions Grants (ESG) Program funding to allocate towards street outreach activities, but will instead support the needs of local emergency shelter and transitional housing organizations that provide services to homeless individuals. Furthermore, homeless service providers within the area network with mainstream resources including, but not limited to, medical facilities, financial institutions, housing providers, law enforcement, childcare facilities and education systems, to help spread awareness and assess needs of homeless individuals.

In addition, the City supports efforts of the Coalition of the Homeless Houston/Harris County and the Houston/Harris County Continuum of Care (CoC) in their outreach and assessment efforts for homeless persons in its community by participating in meetings.

Addressing the emergency shelter and transitional housing needs of homeless persons

During Program Year 2022, funds will not be expended on activities to address the emergency shelter and transitional housing needs of homeless persons, however the City will continue to support the needs of local agencies that provide emergency shelter and transitional housing services to homeless individuals.

The proposed amendment will allow the City of Pasadena to provide financial support to local emergency shelters to assist homeless women and children. Through case management, multiple services are provided to each homeless individual or family upon entry into the program to assess further needs, such as child care, transportation, counseling and support groups, legal aide, medical services and education services to promote self-sufficiency.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were

recently homeless from becoming homeless again

During Program Year 2022, funds will not be expended on activities to facilitate homeless individuals and families transition to permanent housing, however the City will continue to support the needs of local agencies that provide transitional housing services to homeless individuals.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

Although the City does not directly fund these services, the City plans to provide continued support to local emergency shelters who collaborate with many community partners to ensure high-quality, cost-effective services are available for clients including partners associated with law enforcement, health services, mental health services, child and family services, legal services, employment assistance and mainstream resources.

Discussion

The City will continue to build an even stronger partnership with the Coalition for the Homeless and other ESG grantees within the Continuum to develop community wide strategies to end and prevent homelessness throughout the community. The City's priorities will continue to evolve and align with the continuum-wide goals to address priority needs.

Introduction:

The City of Pasadena believes the most significant barriers to affordable housing in Pasadena to be non-profit capacity for affordable housing, economic market conditions for low-income homebuyers, and reduction in federal assistance.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The City of Pasadena has reviewed the public policies to determine their impact on affordable housing. The City found that there are no policies that contribute to the concentration of racial/ethnic minorities, and no city building codes or ordinances that limit the development or improvement of affordable housing in Pasadena.

Discussion:

The City of Pasadena has developed specific goals and objectives to address the housing needs of low-income populations within the City’s jurisdiction. These housing goals are aimed at creating the opportunity for adequate, affordable, accessible housing for low-income households through the elimination of lead-based paint hazards, encouragement of homeownership, minor home repairs, and rehabilitation of single-family dwellings, provisions of rental assistance, new construction and development of partnerships.

(This page intentionally left blank).

Introduction:

Many homeowners, particularly elderly and/or disabled homeowners, cannot afford to maintain or repair their homes. The Community Development Department is committed to assisting these low-income homeowners repair and rehabilitate their deteriorating homes.

Actions planned to address obstacles to meeting underserved needs

The underserved population includes low- to moderate-income (LMI) households that have a member that is elderly, disabled, is a child, has a disability, or has a medical condition that limits the quality of life. Underserved persons also include individuals experiencing homelessness or victims of domestic violence. Characteristics of the underserved population may include households with fixed incomes, unemployment or underemployment, residing in aging housing stock, language barriers, and physical limitations to access necessary services.

To address obstacles to meeting underserved needs, the Community Development Department will leverage resources by partnering with housing and service organizations to provide permanent supportive housing assistance to homeless individuals. Additionally, the City has adopted the Section 3 Plan to promote employment and contract opportunities to low-income residents. The Community Development Department will also strive to make housing and services available to the underserved by supporting transportation services to elderly and/or disabled persons and rapid re-housing activities to target homeless individuals and those who are victims of domestic violence.

The Community Development Department is continuously advertising services to the underserved. Translated material is available to persons with limited English proficiency, to assist non-English speaking residents to become aware of programming and services available. Various methods of outreach are being explored to promote community involvement and enhanced communication with residents who have a disability or underserved need.

Actions planned to foster and maintain affordable housing

The City of Pasadena plans to foster and maintain affordable housing by providing housing rehabilitation services and developing or rehabilitating affordable housing for homebuyer opportunities.

Actions planned to reduce lead-based paint hazards

The City continues to take actions to ensure that all housing programs meet the lead-based paint and disclosure provisions required under Title X. Plans to address lead-based paint hazards include:

- Continued distribution of the "*Protect Your Family from Lead in Your Home*" pamphlet to program participants and interested parties;
- Continued inspection for potential lead hazard for all houses which receive HUD funds for

- rehabilitation and households receiving rapid re-housing assistance;
- Continued treatment of identified lead-based paint hazards;
- Training and certification for staff supervising work on projects which require lead-based paint reduction activities; and,
- Enforcement of requirements for lead-based paint inspections by firms performing risk assessments for the City of Pasadena to include a copy of certification to perform risk assessments, copies of risk assessor's state/EPA certification license, copy of analytical laboratory EPA recognition, and copy of risk assessment firm's radiation safety license or registration.

Actions planned to reduce the number of poverty-level families

The City of Pasadena plans to reduce the number of poverty-level families through the coordination of efforts among City departments and local businesses and service providers. To assist families, achieve financial stability, the City of Pasadena Housing Department administers the Family Self-Sufficiency Program to current Housing Choice Voucher (HCV) residents. By collaborating with local agencies, additional resources may be secured and duplicated efforts may be reduced.

Actions planned to develop institutional structure

Internally, the City of Pasadena Community Development Department works in conjunction with other City departments including, but not limited to, the City Controller's Office, Planning, Housing, Purchasing and Public Works. The City's current structure highlights commitment to ensuring that all functions perform in a concerted manner to guarantee an efficient and effective use of public and private resources with maximum output in the form of accomplishments. Underlying this effort is the recognized need to maintain a high level of coordination on projects involving other City departments and/or outside agencies.

The City of Pasadena's Community Development Department will address gaps and improve institutional structure using the following strategies:

- Discover, work with, and financially support Community Housing Development Organizations (CHDOs) to develop or rehabilitate affordable housing within the community;
- Use high level communication and project coordination among City departments and support the City's efforts to revitalize and/or stabilize low- and moderate-income neighborhoods; and
- Reduce and/or alleviate gaps in services and expedite the delivery of community development services to eligible residents.

Actions planned to enhance coordination between public and private housing and social service agencies

The promotion of community development and the leveraging of resources to maximize program

outcomes are the ultimate goals between the City of Pasadena Community Development Department and its partners in the public and private housing and social service sectors. Coordination with the Coalition for the Homeless Houston/Harris County, Continuum of Care (CoC), Community Development Advisory Board, and various City departments will continue to expand opportunity and enhance services provided throughout the community.

Discussion:

While continuously refining its program strategies, the City of Pasadena Community Development Department will address obstacles to meet underserved needs, like poverty, and foster affordable housing by enhancing coordination and developing greater collaboration with local providers and surrounding communities.

**HOME Investment Partnership Program (HOME)
Reference 24 CFR 91.220(l)(2)**

- 1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:**

The City of Pasadena is not utilizing other forms of investment beyond those identified in Section 92.205.

- 2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:**

Recapture Provisions:

The City of Pasadena will enforce the Recapture Provisions in cases where HOME funds are provided as a direct subsidy to a homebuyer. Recaptured funds as a result of property being sold, rented, or vacated within the affordability period must be used for HOME eligible projects. Recaptured funds are not considered program income and cannot be used for planning and administrative costs. *Direct HOME subsidy* is the entire amount of HOME assistance that enabled the homebuyer to purchase the home. The direct subsidy includes down payment assistance, closing cost, rehabilitation costs or other HOME assistance provided directly to the homebuyer or homeowner.

The HOME rule limits recapture to available net proceeds. Therefore, the City can only recapture what is available from net proceeds. Net proceeds is the sales price minus superior loan repayment (other than HOME funds) and any closing costs. The City of Pasadena will reduce the amount of direct HOME subsidy on a prorated basis for the time the original homebuyer has owned and occupied the home, measured against the required affordability period.

Resale Provisions:

The resale policy ensures that HOME-assisted units remain affordable over the entire affordability period. The resale policy will be used in cases where HOME funds are provided directly to a developer to reduce development costs, thereby, making the price of the home affordable to the buyer. Referred to as “development subsidy”, these funds are not repaid by the developer to the City, but remain with the property for the length of the affordability period. Specific examples where the resale policy will be implemented include:

- Funds are provided to developers for acquisition and development of property or to acquire affordable ownership units;
- Funds are provided for site preparation or improvement, including demolition; and,
- Funds are provided for construction materials and labor.

The City of Pasadena will administer its resale provisions by ensuring that if the property is sold during

the period of affordability, the price at resale provides the original HOME-assisted homebuyer with a fair return on investment. It is important to note that in certain circumstances, such as a declining housing market where home values are depreciating, the original homebuyer may not receive a return on his or her investment because the home sold for less or the same price as the original purchase price.

All HOME-assisted units "designated as affordable units" shall meet the following criteria:

- The subsequent purchaser must be low-income as defined by HOME and occupy the home as the principal residence;
- The sales price must be affordable to the subsequent purchaser. Affordable is defined as limiting the principal, interest, taxes and insurance (PITI) amount to no more than 30 percent of the new purchaser's household monthly income;
- Under no circumstances may the "affordable" sales price exceed 95 percent of the median purchase price for the area; and,
- The City of Pasadena's definition of reasonable range of low-income homebuyers are families between 60 to 80 percent of area median income.

Recapture or resale provisions must be detailed and outlined in accordance with 24 CFR 92.254 in marketing brochures, written agreements, and all legal documents with homebuyers. Recapture or resale provisions may be used within a project, but not both. Combining provisions to create hybrids is not allowed.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

Affordability for homeownership projects undertaken using the recapture provision shall be ensured through the use of real estate lien notes and/or restrictive covenants outlining the City's recapture provisions. Homeownership projects undertaken using the resale provision shall use deed restrictions, covenants running with the land, or other similar mechanisms per 92.254(a)(5)(i)(A) to ensure the resale requirements are met. The period of affordability is based on the total amount of HOME funds invested in the housing project. Recapture and resale provisions adopted by the City of Pasadena are included within Appendix III, Unique Appendices.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

The City of Pasadena does not anticipate using HOME funds to refinance existing debt secured by

multifamily housing that is being rehabilitated with HOME funds.

**Emergency Solutions Grant (ESG)
Reference 91.220(l)(4)**

1. Include written standards for providing ESG assistance (may include as attachment)

N/A; The City did not receive Emergency Solutions Grants (ESG) funds to be administered during Program Year 2022.

2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

The Continuum of Care (COC) in the Houston area has established a centralized and coordinated assessment system that meets HUD requirements. The Coordinated Access System (CAS) institutes consistent and uniform assessment and referral processes to determine and secure the most appropriate response to each individual or family's immediate and long-term housing needs. The Coordinated Access System is designed to 1) allow anyone who needs assistance to know where to go to get that assistance, to be assessed in a standard and consistent way, and to connect with the housing /services that best meet their needs; 2) ensure clarity, transparency, consistency and accountability for homeless clients, referral sources and homeless service providers throughout the assessment and referral process; 3) facilitate exits from homelessness to stable housing in the most rapid manner possible given available resources; 4) ensure that clients gain access as efficiently and effectively as possible to the type of intervention most appropriate to their immediate and long-term housing needs; 5) ensure the people who have been homeless the longest and/or are the most vulnerable have priority access to scarce permanent supportive housing resources.

Several roles play a part in the operation of the Coordinated Access System. These roles include; the Coordinating Entity, which is responsible for the daily administration of the Coordinated Access System (The Coalition for the Homeless Houston/Harris County serves as the Coordinated Entity); the Project Manager (staffed by the Coordinating Entity); Assessment Hubs, which are selected agency sites that provide prompt access to intake and assessments; Housing Assessors, who complete the Coordinated Access Housing Assessment using HMIS; Housing Navigators, who begin the process of securing an identified, available unit; Receiving Programs, which are all Permanent Supportive Housing , Rapid Re-Housing, and Transitional Housing programs and have responsibilities that include reporting vacancies to the Coordinated Entity and responding to referrals from the Coordinated Access System; and Authorized User Agencies; which are housing providers that choose to or are required to participate in the Coordinated Access System and have access to the Homeless Management Information System (HMIS) database.

The pathway through the Coordinated Access System includes the following steps:

- 1) Connecting to the Coordinated Access System/Initial Requests for Services
- 2) Housing Assessment
- 3) Housing Match
- 4) Housing Referral
- 5) Housing Navigation

3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

N/A; The City did not receive Emergency Solutions Grants (ESG) Program funds to be administered during Program Year 2022.

4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

N/A; The City did not receive Emergency Solutions Grants (ESG) Program funds to be administered during Program Year 2022.

5. Describe performance standards for evaluating ESG.

N/A; The City did not receive Emergency Solutions Grants (ESG) Program funds to be administered during Program Year 2022.

The City of Pasadena will continue to partner with the Coalition for the Homeless and other ESG grantees within the Continuum to end and prevent homelessness.

Los fondos se utilizarán para sufragar los gastos de personal directamente relacionados con la administración de los servicios del albergue para personas sin hogar, así como los gastos operativos asociados al albergue. Además, la enmienda propuesta añadirá \$14,807.89 adicionales a la Administración de Rehabilitación de Viviendas para sufragar el aumento de los costos de administración, inspección y manejo necesarios para administrar el Programa de Servicios de Rehabilitación de Viviendas (HRSP). 5.10 Resale and Recapture Provisions 24 CFR 92.254 (Notice: CPD 12-003)

The City's HOME Program uses funds to provide affordable housing by assisting homebuyers, homeowners, and developers. The types of subsidies include acquisition, rehabilitation, or new construction of single-family housing to individual low-income homebuyers and/or homeowners. The HOME funds may be structured in a variety of ways, including low-interest, zero-interest, deferred payment loans, or grants. The City of Pasadena shall determine, based upon the type of subsidy, form of ownership, and type of market in which the property is located, whether the period of affordability shall be enforced by either the resale or recapture policy.

5.10.1 Resale Policy

The resale policy ensures that HOME-assisted units remain affordable over the entire affordability period. The resale policy will be used in cases where HOME funds are provided directly to a developer to reduce development costs, thereby, making the price of the home affordable to the buyer. Referred to as "development subsidy", these funds are not repaid by the developer to the City, but remain with the property for the length of the affordability period.

Specific examples where the resale policy will be implemented include:

- Funds are provided to developers for acquisition and development of property or to acquire affordable ownership units;
- Funds are provided for site preparation or improvement, including demolition; and
- Funds are provided for construction materials and labor.

Ensuring Long Term Affordability

The HOME rule at 24 CFR 92.254(a)(3) requires the City HOME-assisted homebuyer housing be acquired by an eligible low-income household and the housing must remain the principal residence throughout the period of affordability. If ownership is transferred voluntarily or involuntarily, or otherwise, during the period of affordability, the home may only be made available for subsequent purchase to a buyer whose household qualifies as low-income and will use the property as a principal residence.

Fair Return on Investment

The City will administer its resale policy to ensure that if the property is sold during the period of affordability, the price at resale provides the original HOME-assisted homebuyer a fair return on investment. Fair return is determined using:

- The original homebuyer's initial investment (down payment);
- Any principal payments made;
- Any capital improvements, documented with receipts provided by the homeowner, including, but not limited to:
 - Any additions to the home such as a bedroom, bathroom, or garage;
 - Replacement of heating, ventilation, and air conditioning systems;
 - Accessibility improvements such as bathroom modifications for disabled or elderly persons, installation of wheel chair ramps and grab bars, any and all of which must have been paid for directly by the homeowner and which were not installed through a federal, state, or locally-funded grant program;
- Outdoor improvements such as a new driveway, walkway, retaining wall or fence; and
- The average change in the Consumer Price Index over the period of ownership.
- http://www.bls.gov/data/inflation_calculator.htm

It is important to note that in certain circumstances, such as a declining housing market where home values are depreciating, the original homebuyer may not receive a return on his or her investment because the home sold for less, or the same price, as the original purchase price.

$$\begin{aligned} &(\text{Down Payment} + \text{Principal Payments} + \text{Capital Improvements}) \times \text{Consumer Price Index} = \text{Fair Return} \\ &\text{Down Payment} + \text{Principal Payments} + \text{Capital Improvements} + \text{Fair Return} = \text{Total Return to the Original Homebuyer} \end{aligned}$$

Affordability to a Range of Buyers

The resale policy will ensure the HOME-assisted unit remains affordable over the entire period of affordability. All HOME-assisted units “designated as affordable units” shall meet the following criteria:

- The subsequent purchaser must be low-income as defined by HOME and occupy the home as his/her primary residence for the remaining years of the affordability period. (However, if the new purchaser receives direct assistance through a HOME-funded program, the affordability period will be recalculated according to the amount of assistance provided);
- The sales price must be affordable to the subsequent purchaser. Affordable is defined as limiting the principal, interest, taxes, and insurance (PITI) amount to no more than 30% of the new purchaser's household monthly income;

- Under no circumstances may the “affordable” sales price exceed 95% of the median purchase price for the area; and
- The City’s definition of reasonable range of low-income homebuyers are families between 60 to 80 percent of area median income.

Affordability Requirements of the HOME Program

The HOME-assisted requirements state that in order for homeownership housing to qualify as affordable it must:

- Be single-family, modest housing;
- Be acquired by a low-income household as its principal residence;
- Meet affordability requirements for a specific period of time as determined by the amount of assistance provided; and
- Consistent with 24 CFR Part 92.254(a)(4), the following minimum period of affordability shall be enforced for homebuyer projects:

HOME Assistance per Unit	Minimum Period of Affordability
Under \$15,000	5 years
\$15,000 to \$40,000	10 years
Over \$40,000	15 years

Period of Affordability under Resale

The HOME rule states that the period of affordability is based on the total amount of HOME funds invested in the unit for the original and subsequent homebuyers. This option also ensures that the HOME-assisted unit remains affordable over the entire period of affordability, even if unit is sold to a subsequent new homebuyer.

Enforcement of the Affordability Period

The resale policy will be imposed for the duration of the period of affordability through a written agreement with the homebuyer and will be enforced through the use of a lien, deed restriction, or covenant running with the land. The City will file the lien and/or Deed of Trust with the Harris County Clerk’s Office within 30 days of execution, unless otherwise specified per a written agreement or contract with the developer or subrecipient. The lien will specify:

- The length of the affordability period (based on the dollar amount of HOME funds invested in the unit; either 5,10,15 years);
- The home must remain the homebuyer’s principal residence throughout the affordability period; and

- The conditions and obligations of the owner, should the owner wish to sell before the end of the affordability period.

The resale policy will be triggered and enforced if any one of the following events occur during the period of affordability:

- The homebuyer sells, transfers or disposes of the property or home whether voluntarily or involuntarily;
- The homebuyer fails to occupy the home as the principal residence; and,
- The homebuyer violates any terms of any Agreements entered into with the City.

EXAMPLE: A person (the “original homebuyer”) purchased a home with 10-year affordability period six years ago and now wishes to sell. The original homebuyer’s mortgage was \$52,250 at 6.75% interest for 30 years, and has made payments for 72 months. The current mortgage balance is \$48,270. The principal amount paid down so far is \$3,980.

Calculating Fair Return on Investment:

Down payment: The original homeowner was required to put down \$1,000 earnest money at the signing of the sales contract.

Cost of Capital Improvements: The original homeowner had a privacy fence installed four years ago at the cost of \$1,500 and has receipts to document the improvement. A visual inspection confirmed the fence is still in place.

Percentage of Change: The original purchase price for the home was \$55,000 and the amount of developer subsidy was \$25,000, thus requiring the 10-year affordability period.

For the purpose of using the Consumer Price Index (CPI) calculator, the home was purchased in 2009 and will be calculated for the same buying power as in 2015. Using the CPI Inflation Calculator, the house would be worth approximately \$60,175.

Calculating the Fair Return to the Original Owner:

Down Payment:	\$1,000
Capital Improvements:	\$1,500
Principal Paid:	\$3,980
Increase in Value per CPI:	\$5,175
	\$11,655 Fair Return on Investment

In order to realize a fair return to the original homeowner, the sales price must be set at roughly \$60,000 (i.e. \$55,000 [\$3,980 in principal payments made plus remaining mortgage balance of \$48,270] + \$1,000 down payment + \$1,500 capital improvements + \$5,175 CPI increase = \$60,000).

Affordability for a Range of Buyers: If the original homebuyer sets the sales price at \$60,000 to get a fair return on investment, and if current (2015) assumptions are used for front/back ratios, interest rates, insurance, taxes, a 95% Loan-to-Value (LTV) Ratio, etc., the monthly principal, interest, taxes and insurance (PITI) payments would be approximately \$550.

The PITI of \$483 could, in theory, be supported by an annual household income of \$22,000 and not exceed 30% of the subsequent homebuyer's monthly income. The housing costs could be supported more realistically by households with incomes between 50% and 80% MFI. However, with a 95% LTV ratio, most buyers will require down payment assistance which, if HOME funds are used, would create a new affordability period based on the level of the new HOME investment.

If the subsequent homebuyer does not require any HOME subsidy to purchase the home, the affordability period would end in 4 years, at which time the subsequent homebuyer could sell to any buyer at any price.

5.10.2 Recapture Policy

The recapture policy as outlined in 24 CFR Part 92.254(a)(5)(ii)(A)(1) through (7) shall be enforced in cases where HOME funds are provided as a direct subsidy to a homebuyer or homeowner.

The recapture policy will be triggered if any one of the following events occur during the period of affordability:

- The homebuyer/homeowner sells, transfers or disposes of the property or home whether voluntarily or involuntarily;
- The homebuyer/homeowner fails to occupy the home as the principal residence; and
- The homebuyer/homeowner violates any terms of any Agreements entered into with the City.

Recaptured funds as a result of property being sold, rented or vacated within the affordability period must be used for HOME eligible projects. Recaptured funds are not considered program income and cannot be used for planning and administrative costs.

Direct Subsidy

Direct HOME Subsidy is the entire amount of HOME assistance that enabled the homebuyer to buy the home. The direct subsidy includes down payment assistance, closing costs, rehabilitation costs or other HOME assistance provided directly to the homebuyer or homeowner.

Net Proceeds

Net proceeds is the sales price minus superior loan repayment (other than HOME funds) and any closing costs. The HOME rule limits recapture to available net proceeds, therefore, the City can only recapture what is available from net proceeds.

Affordability Requirements of the HOME Program

The HOME requirements state that in order for homeownership housing to qualify as affordable it must:

- Be single-family, modest housing;
- Be acquired by a low-income family as its principal residence; and
- Meet affordability requirements for a specific period of time as determined by the amount of assistance provided.

Consistent with 24 CFR Part 92.254(a)(4), the following minimum period of affordability shall be enforced for homebuyer projects:

HOME Assistance Per Unit	Minimum Period of Affordability
Under \$15,000	5 years
\$15,000 to \$40,000	10 years
Over \$40,000	15 years

The HOME requirements state that in order for housing that is currently owned by a family, such as housing that is rehabilitated without acquisition (i.e. owner-occupied housing rehabilitation), to qualify as affordable:

- The estimated value of the property, after rehabilitation, does not exceed 95 percent of the median purchase price for the area; and;
- The housing must be the principal residence of the household and qualify as low-income at the time HOME funds are committed to the housing.

The City imposes a separate affordability period for the Housing Rehabilitation Services Program for income eligible, single-family, owner-occupied households. Therefore, households receiving rehabilitation

assistance must meet affordability requirements for a specific period of time as determined by the amount of assistance provided, as specified below.

HOME Assistance to Household	Imposed Period of Affordability
Under \$50,000	5 years
\$50,000 or Greater	10 years

For homeowners assisted under the Housing Rehabilitation Services Program, if the last surviving homeowner dies, the imposed affordability period is extinguished and the deferred payment loan will be forgiven in its entirety. A copy of the death certificate shall be provided to the City of Pasadena Community Development Department.

For homeowners assisted under the Housing Rehabilitation Services Program (HRSP), if the homeowner(s), by diagnosis of a doctor, are determined to no longer have the capacity to live independently in their home and are forced to reside in another location for caregiver support, the affordability period is extinguished and the deferred payment loan will be forgiven in its entirety. A written determination made by the doctor or physician, shall be provided to the City of Pasadena CDD.

Enforcement of the Affordability Period

The recapture policy will be enforced through the use of a lien, deed of trust and/or written agreement signed by the homebuyer/homeowner at closing. The lien will specify:

- The length of the affordability period (based on the dollar amount of HOME funds invested in the unit, either 5 or 10 years);
- The home must remain the homebuyer/homeowner’s principal residence throughout the affordability period; and,
- The conditions and obligations of the homebuyer/ homeowner, should the homebuyer/homeowner wish to sell before the end of the affordability period.

Reduction during the Affordability Period

The City will reduce the amount of direct HOME subsidy on a pro-rata basis for the time the original homebuyer/homeowner has owned and occupied the home, measured against the required affordability period. The pro-rata amount that will be recaptured by the City of Pasadena is determined as follows:

- Divide the number of years (within the affordability period) the original homebuyer occupied the home by the period of affordability, and;

- Multiply the resulting figure by the total amount of direct HOME subsidy originally provided to the homebuyer.

$$\frac{\text{Number of years homebuyer occupied home}}{\text{Total Period of affordability}} \times \text{Total direct HOME subsidy} = \text{Recapture amount}$$

Long Term Affordability

No requirements to subsequent new homebuyer.

EXAMPLE: A homebuyer received \$10,000 of HOME down payment assistance and purchases a home developed with HOME funds for \$10,000 below fair market value. The total direct HOME subsidy to the homebuyer is \$20,000 and requires a 10-year period of affordability. If the homebuyer sells the unit in year 5 of the 10-year period of affordability, the City would forgive 50 percent of the direct HOME subsidy and recapture 50 percent of the direct HOME subsidy, or \$10,000 of the \$20,000 HOME investment, assuming that there are sufficient net proceeds available.

$$\frac{\text{Owner resided in home for 5 years}}{10\text{-year period of affordability}} \times \$20,000 \text{ HOME Investment} = \$10,000 \text{ recaptured}$$

7.5.2 Application Process

Prospective applicants may contact the City of Pasadena CDD to obtain information about assistance provided by the HOME Program. The waiting list for rehabilitation/reconstruction assistance is opened periodically based on the City's receipt of HOME funding allocations. Prior to opening of the waiting list, the CDD will perform outreach activities to advertise the program and encourage potential applicants to apply for assistance. Methods of outreach may include, but are not limited to, public notice, social media and on the City of Pasadena website.

Interested homeowners may complete the Preliminary Application for Housing Rehabilitation Services Program. Upon receipt of the preliminary application, the applicants will be placed on the waiting list in the order in which they are received. Assistance shall be provided on a first come, first served basis.

The CDD shall notify each applicant by email and/or certified mail once his/her preliminary application has been reviewed. The notification shall contain additional information the applicant will need to provide in order to

determine if qualifications are met for assistance. Applicants must be responsive in providing required documentation supporting their eligibility. Failure to disclose accurate and complete information in a timely manner may render the applicant ineligible for assistance and applicant shall be dropped from the waiting list. The applicant may submit a new application once the waiting list has reopened, however will not be given priority over others. The CDD shall review the additional documentation and verification of ownership and income. The process shall include a review of the following:

- Ownership of the property;
- Criminal background check;
- Property taxes are current, deferred, or on an approved payment plan in good standing;
- Property type and location;
- Household income;
- Principal residency; and/or
- Previous assistance received.

Applicants deemed eligible will receive written notification and be contacted by the CDD to discuss next steps. The City as the Participating Jurisdiction, does not anticipate limiting beneficiaries through preferences, rather they City will rely on assisting clients through the determination of income-eligibility. Meeting the eligibility requirements does not guarantee assistance.

Appendix IV

Fair Housing Information

Fair housing and equal opportunity are fundamental principles to creating and sustaining communities in Pasadena. One way the City demonstrates its commitment to these principles is by completing an Analysis of Impediments to Fair Housing Choice (AI). The overall goal of the Regional AI approach is to help communities analyze challenges to fair housing choice and establish goals and priorities to address fair housing barriers. A secondary goal is to help communities move toward an economic opportunity philosophy when making planning and housing policy decisions.

In 2017, Harris County, Pasadena, Missouri City, and Galveston, along with the Harris County Housing Authority and the Galveston Housing Authority agreed to collaborate to fulfill a requirement by the U.S. Department of Housing and Urban Development (HUD) to analyze barriers to housing choice. The attached “Figure ES-12. Fair Housing Plan” was created within the AI as a five-year plan to address the identified impediments. Regional Fair Housing Goals listed within the table are closely aligned to the strategies in the 2018-2022 Consolidated Plan and to proposed projects and activities in each subsequent Annual Action Plan.

The community participation process for the regional AI provided multiple opportunities in various formats for residents and stakeholders to share their experience and opinions about fair housing choice and access to opportunity in the region. Outreach activities included resident and stakeholder engagement opportunities and were promoted by each of the participating jurisdictions and community partners. Methods of engagement focused on creating opportunities to participate in whatever format residents preferred, from a survey available online and in a postage-paid mail format, pop up events where the study team engaged residents attending community events, open house public meetings and focus groups. Findings from this outreach, in addition to the quantitative analysis conducted for the study, were used in the formation of impediments and the highest priority fair housing issues. Although not exhaustive, the primary fair housing issues in the region included:

- Segregation Persists
- Disparities in Housing Needs
- Disparities in Access to Opportunity
- Barriers to Housing Choice for People with Disabilities
- Location and Utilization of Publicly Assisted Housing
- Lack of Fair Housing Capacity

The proposed projects and activities listed in the 2022 Annual Action Plan address the goals and priority needs within the 2018-2022 Consolidated Plan. The City of Pasadena Community Development Department continues to work in improving coordination with various public, private and non-profit groups in the Pasadena community to address the community’s priority needs, especially those of targeted low-income persons and special needs populations. The Consolidated Plan objectives represent

high priority needs for the City of Pasadena and serve as the basis for the strategic actions used to meet these needs. These goals are listed below in no particular order or ranking:

- Rehabilitation degrading infrastructure to improve mobility and reduce hazardous conditions for Pasadena residents;
- Develop and maintain an adequate supply of safe, sanitary and decent housing that are affordable and accessible to residents within low-income guidelines by utilizing CDBG and HOME funds to assist with housing rehabilitation efforts;
- Reduce homelessness by providing supportive services through local shelters and non-profit agencies;
- Strengthen neighborhoods by investing in public service activities benefiting the community, including those with special needs; and
- Ensure fair housing choice opportunities to all residents of Pasadena.

During Program Year 2022, the City will continue to utilize both funding sources to best provide affordable housing opportunities throughout the community. The HOME Investment Partnerships (HOME) Program will support affordable housing by providing housing rehabilitation services and homebuyer opportunities to eligible low-income households that own and occupy a single-family home within the City of Pasadena. Funds provided by the Community Development Block Grant (CDBG) will support affordable housing with Housing Rehabilitation Program Administration. Housing Rehabilitation Program Administration funds will support staff administrative costs associated with application in-take, eligibility determination, project inspections and oversight of construction and site work completed for housing rehabilitation projects.

The 2022 Annual Action Plan lists proposed quantifiable goals that will be used to measure progress of the activities at the end of the program year. Information regarding various protected class traits is collected and recorded in IDIS and will assist in determining how the proposed activities helped address the needs of the relevant protected classes. The data gathered varies depending on the project, activity and funding source. Quantifiable goals and other measures are included in the Consolidated Annual Performance Evaluation Report (CAPER) at the end of each reporting period.

The City of Pasadena is committed to providing opportunities for all its citizens, including minorities and non-English speaking persons, to participate in an advisory role in the planning, implementation and assessment of the CDBG and HOME Programs. The City will emphasize the involvement of low-income and moderate-income persons, particularly those living in slum and blighted areas, areas designated as a revitalization area, area where federal funds are proposed to be used, and low-to moderate-income neighborhoods where 51% of the residents are at or below 80% of the area median income (AMI).

The City encourages the participation of local and regional institutions, the Continuum of Care, and other organizations (including businesses, developers, nonprofit organizations, philanthropic organizations, and community-based and faith-based organizations) in the process of developing and implementing the documents related to the consolidated planning process. Also, commencing with Consolidated Plans submitted on or after January 1, 2018, the City will encourage participation from broadband internet service providers, organizations engaged in narrowing the digital divide, agencies who manage flood prone areas, public land or water resources, and emergency management agencies.

To encourage citizen participation that emphasizes the involvement of low- to moderate-income residents, the City will continue to work with public housing authorities, neighborhood groups, and other organizations representing the City's low- to moderate- income areas and residents.

In order to encourage and support participation of citizens, the City will provide comprehensive information, hold public hearings, and give citizens the opportunity to comment on the City's plan for implementation and assessment of the accomplishments attained utilizing federal funds. Citizen participation is essential for a viable program, and while the final authority for decision-making rests with the City Council, the City recognizes that exchange of information among citizens and elected officials will allow for a stronger, more responsive housing and economic development effort in the City of Pasadena.

During the development of the 2022 Annual Action Plan, the City, along with the rest of the nation was impacted by the COVID-19 Pandemic and had to make adjustments to its participation methods. According the City's Citizen Participation Plan modifications can be made in light of emergency situations, such as pandemics therefore the City began the process of transitioning public hearings and/or meetings to a virtual platform to aid in the prevention of COVID-19. A full description of citizen participation efforts can be found within AP-12 of the 2022 Annual Action Plan, however no fair housing complaints were received.

The compliant process and forms are also available on the City of Pasadena website at <http://www.pasadenatx.gov/479/Fair-Housing>.

Listed below are the actions the City of Pasadena anticipates carrying out during Program Year 2022 to address the impediments identified in the AI. Many of these fair housing activities are directly related to the projects listed in the 2022 Annual Action Plan, while other fair housing actions are not related to individual projects but instead, are general fair housing education and outreach activities.

Specific Community Development Block Grant Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

Following a Plan -- It is following a current consolidated plan that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. Overall Benefit. The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) 2019, 2020 and 2021 [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

Compliance with Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601-3619) and implementing regulations.
