EXECUTIVE SUMMARY

AP-05 EXECUTIVE SUMMARY - 24 CFR 91.200(C), 91.220(B)

1. Introduction

The 2024 Annual Action Plan represents the second year of the 2023-2027 Consolidated Plan approved by the U.S. Department of Housing and Urban Development (HUD). This plan is the City of Pasadena Community Development Department's official application for HUD entitlement grants and proposes programs and services to be funded during the City's Fiscal Year (FY) 2025 Community Development Program Year (PY) 2024 (October 1, 2024-September 30, 2025). There are three sources of federal program funds included within this application, as follow:

- Community Development Block Grant (CDBG),
- HOME Investment Partnerships Program (HOME), and
- Emergency Solutions Grants Program (ESG).

The City of Pasadena anticipates receiving \$2,300,103 in Program Year 2024 funds for use towards public facility improvements, community development services and affordable housing. For each of the five years of the Consolidated Plan, the City is required to prepare an Annual Action Plan to inform citizens and HUD of the City's intended actions during that particular year. At the end of each program year, the City must prepare a Consolidated Annual Performance and Evaluation Report (CAPER) to provide information to HUD and citizens about that year's accomplishments towards achieving the goals and objectives identified for that year.

2. Summarize the objectives and outcomes identified in the Plan

The 2023-2027 Consolidated Plan and 2024 Annual Action Plan represent the City's ambition to improve the quality of life for residents, primarily in the low-income areas of Pasadena. As required by HUD, each activity is linked to one of three federal program objectives: 1) decent housing, 2) suitable living environments, or 3) economic development. Each objective is matched with one of three outcomes: 1) availability/accessibility, 2) affordability, or 3) sustainability. Activities below have been separated into broad categories addressing priority needs identified within the body of this Consolidated Plan. Priority needs were determined based on the results of the Pasadena 2023-2027 Needs Assessment, discussions with stakeholders; public service and housing program applicant agencies; and input from the Community Development Advisory Board. Achieving these needs is dependent upon qualified agencies with the capacity to operate programs efficiently and within compliance of applicable federal regulations.

Decent Housing – The City will undertake the following activities with the purpose of conserving and improving the housing stock and providing housing opportunities to meet individual, family, and community housing needs:

- Develop and maintain an adequate supply of safe, sanitary and decent housing that are affordable and accessible to residents within low-income guidelines by utilizing CDBG and HOME funds to assist with housing rehabilitation efforts.
- Preserve and expand the supply of affordable housing through the HOME funded Tenant Based Rental Assistance (TBRA) Security Deposit Program for participants of the City's Housing Choice Voucher (HCV) Program to lease an affordable rental unit.
- Identifying and reducing any barriers to fair housing choice and setting forth specific actions to affirmatively further fair housing choice.

Suitable Living Environments – The City will partially or fully fund several activities that benefit the community by improving the living environment through:

- Rehabilitate degrading infrastructure to improve mobility and reduce hazardous conditions for Pasadena residents.
- Reduce homelessness by providing supportive services through local shelters and non-profit agencies.
- Strengthen neighborhoods by investing in public service activities benefiting the community, including those with special needs.

Economic Opportunities – The City will undertake activities that expand economic opportunity for low-to moderate-income persons and businesses through:

- Continuing to diligently strive to meet all of the hiring, contracting and contractor education goals related to Section 3 requirements; and making Section 3 compliance a high priority in all contracts using federal funds.
- Responding to funding applications related to economic development, commercial revitalization, or job creation.

In order to address these needs, the City of Pasadena has developed goals and measurable outcomes in housing, reducing homelessness, public facility improvements and public services.

The City is committed to the proper implementation of a balanced Community Development Program that maximizes benefit to low-income persons both directly and through the improvements of their neighborhoods. By providing decent housing, suitable living environments and supportive services, the City of Pasadena intends to improve our low-income neighborhoods and provide our citizens with the needed resources to assist them in breaking both generational and circumstantial poverty.

3. Evaluation of past performance

Program Administration:

To ensure compliance, the City of Pasadena Community Development Department has implemented revisions in its policies and procedures and continues to diligently work to meet all deadline requirements for CDBG timeliness, ESG obligation and expenditure deadlines, and HOME deadline compliance status.

Program Beneficiaries:

Beginning October 1, 2023, through May 2024 accomplishments in services and projects were as follow:

Public Services:

- Provided 238 new elderly and/or disabled clients with transportation service vouchers.
- Provided 2,139 boxes of food to families in need.

Public Facilities and Improvements:

- Completed construction on the Thomas Avenue Paving and Drainage Phase II Project.
- Completed construction on the Children and Youth Community Center Project.

Homeless Services:

- Provided shelter to 78 unduplicated women and children, totaling 558 days of shelter.

Affordable Housing:

- Completed construction of one (1) home, thereby providing safe, sanitary and decent housing that is affordable and accessible to eligible residents within the low-income guidelines.
- Currently in the construction phase of two (2) homes, anticipated to be completed in July 2024.

4. Summary of Citizen Participation Process and consultation process

The Community Development Department actively encourages community involvement and provides residents with opportunities to become involved in the development of the Consolidated Plan. Opportunities for citizen input are provided through the planning process through publications, postings, and public hearings. Public meetings are held in well-known locations with adequate space to accommodate large residential groups, and are accessible to disabled persons. Every effort is made to ensure that there are no barriers to attendance. The public notices alert residents and provide contact information so that individuals may request special accommodations, such as interpreters for the deaf or non-English speakers. These measures help to ensure that the citizens of Pasadena, especially the residents of the affected areas, have opportunities to articulate their community development needs and preferences as they relate to CDBG, HOME and ESG program funding, participate in the development of program priorities and objectives, and have their questions addressed.

5. Summary of public comments

All comments received in regards to development and implementation of the 2024 Annual Action Plan will be reviewed and accepted by the Community Development Department. Copies of public notices and comments (if applicable) will be provided in Appendix I of this document. Appendix I incorporates comments received, if any, from the public hearings and the 30-day comment period that concluded on June 28, 2024.

7. Summary

The 2024 Annual Action Plan represents detailed activities for the second year of the 2023-2027 Consolidated Plan, and provides the City of Pasadena's vision for improving the quality of life in the low-to moderate-income areas of the City. The 2024 Annual Action Plan is based on elements of the Consolidated Plan that identify housing, homeless, community needs and resources, and further implements a strategy to address those needs.

1. Introduction

The City of Pasadena coordinates and consults with public and private agencies throughout the development of its Action Plan. Partnerships with both public and private entities are crucial for the City of Pasadena to effectively service the community. To ensure the process is both comprehensive and inclusive, the Community Development Department is working with a number of city departments, the Pasadena Housing Authority, local non-profit agencies, and regional organizations.

The Community Development Department secures information from other city departments, private organizations and residents regarding existing conditions and strategies for addressing short-term and long-term community needs. The Community Development staff will continue to meet with and strategize with a variety of groups and agencies through the year to solicit input regarding the City's programs and to plan for future activities.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

The City of Pasadena Community Development Department is working to improve coordination with various public, private, and non-profit groups in the Pasadena community to address the community's priority needs, especially those of targeted low-to moderate-income persons and special needs populations. The City strives to partner with public and private agencies to ensure funding priorities are in line with current community development goals, and continues to enhance coordination among housing and service providers to better serve the community.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The Coalition for the Homeless of Houston/Harris County serves as the lead agency for the Houston/Harris County/Fort Bend County Continuum of Care (CoC) structure. The Steering Committee uses recommendations from network and task groups to guide policy development for the CoC, including funding and project prioritization. This structure was put in place to provide a more coordinated response to homelessness, where all funding in the region is targeted toward strategic solutions working to end homelessness throughout the region. The City of Pasadena Community Development Department works closely with the Continuum of Care (CoC) and the CoC Lead Agency, and holds a seat on the CoC Steering Committee. The City of Pasadena worked in collaboration as a CoC Steering Committee member in the update of The Way Home's Five-Year Community Plan (2021-2026) to help achieve a functional end to

homelessness in the COC and, when not preventable, make homelessness a rare, brief and non-recurring experience.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The City of Pasadena Community Development Department continues to work closely with the Continuum of Care (CoC), which is comprised of five local jurisdictions (City of Pasadena, City of Houston, Harris County, Fort Bend County, Montgomery County) and the Coalition for the Homeless of Houston/Harris County (Coalition). Representatives from each of these jurisdictions participate in meetings, referred to as the Public Funders Workgroup, a group within the CoC structure which ensures that all members of the CoC are targeting funding towards continuum-wide goals. This group assists in updating and maintaining standards for the provision of assistance and performance. These continuum-wide performance measures are used to evaluate performance and determine resource allocations based on data from HMIS.

In an effort to remain in compliance with the homeless participation requirement in 24 CFR 576.405(a), the City of Pasadena remains active within the Coalition for the Homeless and seeks guidance from the Consumer Representatives (previous homeless individuals) which currently hold a voting chair on the Steering Committee. The Community Development Department also makes every effort to attend all seminars and trainings that are provided by the Coalition for homelessness and homelessness prevention. The City of Pasadena requires ESG subrecipients to maintain a Board of Directors, where at least one position is held by a previously homeless individual.

1. Summary of citizen participation process/Efforts made to broaden citizen participation
Summarize citizen participation process and how it impacted goal-setting

The City’s Citizen Participation Plan (CPP) establishes a means by which residents, public agencies and other interested parties can actively participate in the development of documents related to the consolidated planning process and sets forth the policies and procedures for citizen participation. Using the CPP as a guide, the City aggressively solicited community involvement and provided residents with every opportunity to become involved in the development of the 2024 Annual Action Plan.

All public hearings and meetings are held in well-known locations which are accessible to all residents and adequate space is provided to accommodate large groups. The meeting places are accessible to disabled persons and every effort it made to ensure that there are no barriers to attendance. The public notices alert residents and provide contact information so that individuals may request special accommodations, such as interpreters for the deaf or non-English speakers. These measures help to ensure that the citizens of Pasadena, especially the residents of the affected areas, have opportunities to articulate their community development needs and preferences about the CDBG, HOME and ESG Programs, participate in the development of priorities and objectives, and have their questions addressed. Each year the City conducts a minimum of two public hearings at different planning stages within the program year to provide opportunities for citizens to participate in an advisory role in the planning, implementation and assessment of programs administered through the City’s Community Development Department. Residents are also provided a 30-day public comment period to ask questions or provide input on draft plans, priorities and funding allocations.

During the development of the 2024 Annual Action Plan, the City made efforts to broaden citizen participation by conducting public hearings and/or meetings both in person and simultaneously on virtual platforms. Additionally, information regarding all public hearings was posted to the City webpage to broaden community awareness.

Introduction

The City of Pasadena (the City) is an entitlement jurisdiction that receives federal funds annually through the U.S. Department of Housing and Urban Development including Community Development Block Grant Funds (CDBG) and HOME Investment Partnerships Program Funds (HOME). Through the use of federal, state and local funds the City plans to carry out the objectives set forth in the 2023 – 2027 Consolidated Plan.

Entitlement grant resources totaling \$2,300,103 are estimated for the next fiscal year (October 1, 2024 through September 30, 2025) to address obstacles to meet underserved needs, foster decent housing, support public services and improve public facilities, while enhancing the coordination between public and private agencies. The results of these activities will be reported in the Consolidated Annual Performance and Evaluation Report (CAPER), to be published in December 2024.

The City of Pasadena is proposing to reallocate \$8, 589.97 in Program Year 2018 HOME funds to an eligible activity to be undertaken during Program Year 2024. In accordance with regulations 24 CFR 91.505, the jurisdiction shall amend its approved plan to permit changes in the use of federal funded activities. Further guidance on original allocations and the proposed changes can be found in Appendix I of this document.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

Community Development Block Grant (CDBG) funds will leverage City General Fund, Bond Fund dollars and/or private sources for any of the following: infrastructure, revitalization, park and public facilities projects.

HOME Investment Partnerships (HOME) Program partners are required to provide matching contributions of \$0.25 for every \$1.00 of funding expended. This is usually achieved through volunteer hours worked, donation of funds, supplies and equipment.

Emergency Solutions Grants (ESG) Program subrecipients are required to provide matching contributions of 100% of federal dollars expended. This is achieved by shelter donations of supplies, equipment, funding and volunteer hour services. Also, some subrecipient agencies meet matching requirements by contributing a portion of operational costs in addition to ESG funds, therefore, splitting the expense.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

Table 6 – Goals Summary

Goal Descriptions

1	Goal Name	Infrastructure Improvements
	Goal Description	Infrastructure/Public Facility Improvements include street replacement, sidewalk repairs and waterline replacement services to increase mobility and reduce hazardous conditions for Pasadena residents. Additional projects will include construction/rehabilitation to public facilities to better the overall community welfare. Need is based upon the evaluation of service improvements within the CDBG target areas.
2	Goal Name	Housing Rehabilitation
	Goal Description	Housing Rehabilitation provides minor to moderate rehabilitation of homes owned and occupied by low to moderate income residents of Pasadena. If rehabilitation needs are too excessive, the City will provide demolition and reconstruction of single – family homes owned and occupied by low to moderate income residents of Pasadena. If applicable, lead based paint assessment and abatement, is also required for all housing rehabilitation activities. Prospective applicants may contact the City of Pasadena's Community Development Department to obtain information about assistance provided by the HOME Program. The HOME Program waiting list is opened periodically to receive applications for assistance based on the City's receipt of HOME funding allocations. Prior to opening the waiting list, the Community Development Department will notify the public by means of a public notice, social media, flyers, mail outs to community residents, and on the City of Pasadena website. Assistance shall be provided on a first come, first serve basis.
3	Goal Name	Reduce Homelessness
	Goal Description	The Homelessness goal supports the broad range of homeless prevention and street outreach activities, critically homeless, rapid re-housing, domestic violence victims and assistance with childcare and employment searches and training. Funding will support essential needs and operational costs of the local shelters of Pasadena.

4	Goal Name	Enhance quality of life through Public Services
	Goal Description	The transportation of the elderly and disabled is a major public service provided within the City of Pasadena. This program is highly requested and supported by citizens of the community. However, services are also needed for mental health, HIV/AIDS and substance abuse. The City does not currently fund these services, but supports the submission of applications for funding from agencies with experience providing these special needs services. Although the City does not directly fund these services, the City plans to provide financial support to local emergency shelters who collaborate with many community partners including health services through the AIDS Foundation Houston and mental health services through Bay Area Council on Drugs and Alcohol.
5	Goal Name	Tenant Based Rental Assistance
	Goal Description	This goal will not correspond with a project in IDIS; however, HOME administration funding will be used to carry out this goal through continued support for the City of Pasadena Housing Choice Voucher (HCV) Program that enables participants of the City's HCV Program to lease an affordable rental unit. Households are selected from the City of Pasadena Public Housing Authority (PHA) Section 8 waiting list, using the PHA preference criteria outlined within the City of Pasadena HCV Program Administration Plan. Additionally, the City will utilize ESG funding to support rapid re-housing and stabilization services through financial assistance in the form of deposits, short and medium term rental assistance and utility payments.
6	Goal Name	Homeownership
	Goal Description	Homebuyer programs may be offered to assist low- to moderate-income homebuyers with down payment and closing cost assistance to transition low-to moderate-income families from renter status to homeownership. Homeownership counseling courses are provided for these activities through the subrecipient agencies. Construction of new, quality and affordable single family detached homes is also a goal.

Table 7 - Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The allocated priorities were based upon the City of Pasadena's approved 2023-2027 Five Year Consolidated Plan which was constructed with input from public service agencies, residents of Pasadena, and city departments. It was determined that a high priority level should be assigned to the following: Infrastructure/Public Facility Improvements, Housing Rehabilitation, Reduce Homelessness, Enhance quality of life through Public Services, Tenant Based Rental Assistance and Homeownership. The reasons for allocation priorities and obstacles follow:

- The primary obstacle to meeting underserved needs is limited availability of federal and local funding. The needs of the community are greater than the available local and federal funds.
- The degradation of street infrastructure has produced hazardous conditions and the absence of sufficient public facilities has caused a decline to community welfare.
- The lack of a public transportation system places elderly and/or disabled Pasadena residents at-

risk of maintaining a healthy and independent lifestyle.

- The aging of residential units and increased numbers of under-resourced residents in conjunction with a lack of public housing leads to a limited housing stock available to low-to-moderate income residents.
- Additionally, the City has a high demand to find qualified agencies with the capacity to operate programs efficiently and within compliance of applicable federal regulations.

The Community Development Department has the primary responsibility for the administration, planning, organizing and monitoring of the City's Community Development Block Grant (CDBG) Program, Emergency Solutions Grants (ESG) Program, and HOME Investment Partnerships (HOME) Program. In addition, Community Development is responsible for implementing required procedures to ensure City compliance with specific U.S. Department of Housing and Urban Development (HUD) and other federal regulations.

The City is proposing an amendment to reallocate \$8,589.97 in 2018 HOME funds to Project No. 7 – Housing Rehabilitation Services Program.

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

Generally, the CDBG, HOME, and ESG programs benefit the entire City of Pasadena in accordance with program requirements of each grant.

The CDBG Low/Mod Income Target Area includes all of the concentrated low-income census tracts within the Pasadena City limits. Approximately 66% (\$1,092,220.18) of the anticipated CDBG funds will be utilized to benefit this geographic area. Projects and programs that are counted in the calculation for the percentage of funds include the Center St. Paving and Drainage Improvements Project. Please see the map, titled City of Pasadena 2024 Program Year CDBG Projects and Programs, found in the Appendix III Section.

Approximately 66% (\$1, 092,220.18) of CDBG funds will be utilized to benefit geographic areas with higher minority percentages. Please refer to the map, titled City of Pasadena North/South Estimated Minority (Other than White) Concentration of Low-to-Moderate Income Target Area, included in the Appendix III Section. The remainder of funds will be utilized to benefit client-based activities that are available to any income-eligible resident of Pasadena, regardless of whether they reside within a low-income census tract.

The boundaries of the geographic area coincide with the boundaries of the census tracts which have been identified through examination of the U.S. Census Data and the American Community Survey 2011 -2015 information as having median incomes below 80 percent of the area median income, see the City of Pasadena Low-to-Moderate Target Area Map A & B in Appendix III for reference.

The majority of the target area is residential with a mix of commercial properties and parts of the target area are located adjacent to refineries. Area-based CDBG projects are allocated geographically within the target areas delineated in the target area map, while beneficiary-based projects are allocated city-wide.

At this time the City is not requesting approval of a Neighborhood Revitalization Strategy Area.

Geographic Distribution

Target Area	Percentage of Funds
CDBG Low/Mod Income Tracts	66
Citywide	11

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The City of Pasadena Community Development Department solicits competitive applications for the receipt and use of CDBG, HOME, and ESG program funds to address specific objectives and priority needs. The City does not prescribe a specific percentage of funding to target areas. However, the City has identified target areas within the corporate limits that have 51% or greater low- to moderate-income populations. Additionally, areas within the target area that possess aging infrastructure or lack community resources are prioritized for investments. During Program Year 2024, one public facility improvement project will be funded through CDBG. Please refer to the attached maps, within the Appendix III Section, with census tracts and block group numbers, and the associated chart with related data.

Discussion

The City of Pasadena is mindful of the location of services and seeks to ensure equitable distribution of funding to serve families in need across the City. Although the CDBG Low/Mod Income Target Area is the primary service area, additional target areas will be identified. Target areas are identified based on income determination data and revitalization efforts needed. The City allocates funding based on priorities identified in its 2023-2027 Five Year Consolidated Plan and proposals submitted in its annual application process.

AFFORDABLE HOUSING

AP-55 AFFORDABLE HOUSING – 91.220(G)

Introduction

Affordable housing activities undertaken by the City of Pasadena will primarily address the needs of non-homeless and special needs households. Various programs will provide these households with new units or rehabilitated units. The City's affordable housing goals and projects are detailed below.

Table 10 - One Year Goals for Affordable Housing by Support Type

Discussion

The City will strive to utilize both funding sources to best provide affordable housing opportunities throughout the community. Funds provided by CDBG will support affordable housing with Housing Rehabilitation Program Administration. The HOME Program will support affordable housing by providing housing rehabilitation and/or reconstruction services and homebuyer opportunities to eligible low-income households. The ESG Program will provide housing opportunities to homeless households through the facilitation of the rapid re-housing program component administered by subrecipient agencies.

Introduction

The City of Pasadena strives to ensure that all residents have decent and affordable housing. This goal is facilitated through the Pasadena Housing Department’s Housing Choice Voucher (HCV) Program (TX440).

Actions planned during the next year to address the needs to public housing

The City of Pasadena’s Housing Program is a voucher program only PHA. The City of Pasadena does not own nor does it administer a Public Housing Program. However, for the Housing Choice Voucher Program, the City of Pasadena plans to continue to assist and administer the allocated 1,094 voucher participants with their rental assistance within the Housing Choice Voucher HUD requirements, in accordance with 24 CFR 982, during the next year while maintaining a High Performer PHA Rating with the U.S. Department of Housing and Urban Development (HUD) in the Section Eight Management Assessment Program (SEMAP) report in management of the program.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

The City of Pasadena does not own, nor does it administer a Public Housing Program for residents. However, the City of Pasadena encourages families to achieve self-sufficiency and homeownership through the Family Self-Sufficiency Program, available to current Housing Choice Voucher Program participants.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

Not Applicable.

Discussion

While the City of Pasadena does not administer a Public Housing Program, eligible residents are provided housing vouchers through the Housing Choice Voucher Program. The goal of this program is to promote participants to achieve self-sufficiency and obtain homeownership.

Introduction

The City upholds a strong partnership with the Coalition for the Homeless Houston/Harris County and with other members of the Houston/Harris County Continuum of Care (CoC) to align priorities and funding to address the needs of residents experiencing or at-risk of homelessness.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The City of Pasadena does not currently fund Street Outreach through the Emergency Solutions Grants (ESG) Program. However, homeless service providers within the area network with mainstream resources including, but not limited to, medical facilities, financial institutions, housing providers, law enforcement, childcare facilities and education systems, to help spread awareness and assess needs of homeless individuals.

In addition, the City supports efforts of the Coalition of the Homeless Houston/Harris County and the Houston/Harris County Continuum of Care (CoC) in their outreach and assessment efforts for homeless persons in its community by participating in meetings.

Addressing the emergency shelter and transitional housing needs of homeless persons

The City of Pasadena plans to provide financial support to local emergency shelters to assist homeless women, children and victims of domestic violence and sexual abuse. Through case management, multiple services are provided to each homeless individual or family upon entry into the program to assess further needs, such as child care, transportation, counseling and support groups, legal aid, medical services and education services to promote self-sufficiency.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

Rapid re-housing assistance will be supported through use of ESG funds to provide rental, utility, and/or

financial assistance. Homeless individuals or families will receive case management to ensure effective transitioning from shelter to independent living. Clients will also receive supportive services to promote self-sufficiency to assist in achieving the goal of permanent housing.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

Although the City does not directly fund these services, the City plans to provide continued support to local emergency shelters who collaborate with many community partners to ensure high-quality, cost-effective services are available for clients including partners associated with law enforcement, health services, mental health services, child and family services, legal services, employment assistance and mainstream resources.

Discussion

The City will continue to build an even stronger partnership with the Coalition for the Homeless and other ESG grantees within the Continuum to develop community wide strategies to end and prevent homelessness throughout the community. The City's priorities will continue to evolve and align with the continuum-wide goals to address priority needs.

Introduction:

Based on research conducted during the development of the Analysis of Impediments to Fair Housing Choice (AI), the City of Pasadena believes the most significant barriers to affordable housing in Pasadena to be:

- Limited Incentives for Lower Cost Housing
- Barriers For People with Disabilities
- No Land Use Zoning
- High Number of Households with Severe Housing Problems
- Large Number of Housing Cost Burdened Households
- Above Average Amount of Crowding
- Reductions in Federal Financial Assistance
- Shortage of Housing Vouchers
- Inadequate Staffing for Housing Rehabilitation Program
- Large Homeless Population
- Declining Housing Affordability

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

Research conducted during the development of the AI highlighted some of the following problems related to public policies:

The City of Pasadena does not have zoning. Therefore, the City does not have a zoning map. Land use development in Pasadena is governed by local codes, ordinances, and deed restrictions where applicable. Although the City has reviewed subdivision regulations to identify barriers to affordable housing, without zoning, the City's mixed land uses create unique challenges and reduce affordable housing opportunities. A review of the City's codes has found many inconsistencies within each other and with state statutes making it more difficult to address affordable housing challenges.

The Community Development Department will advocate for revisions to local ordinances that negatively impact affordable housing and residential investment and provide necessary City staff with recommendations made under the AI.

Discussion:

The City of Pasadena has developed specific goals and objectives to address the housing needs of low-

income populations within the City’s jurisdiction. These housing goals are aimed at creating the opportunity for adequate, affordable, accessible housing for low-income households through the elimination of lead-based paint hazards, encouragement of homeownership, minor home repairs, and rehabilitation of single-family dwellings, provisions of rental assistance, new construction and development of partnerships.

Introduction:

The following describes the planned actions or strategies that the City of Pasadena will pursue in the next year to:

- Address underserved needs
- Foster and maintain affordable housing
- Evaluate and reduce lead-based paint hazards
- Reduce the number of poverty-level families
- Develop institutional structure
- Enhance coordination

Actions planned to address obstacles to meeting underserved needs

The underserved population includes low- to moderate-income (LMI) households that have a member that is elderly, disabled, is a child, has a disability, or has a medical condition that limits the quality of life. Underserved persons also include individuals experiencing homelessness or victims of domestic violence. Characteristics of the underserved population may include households with fixed incomes, unemployment or underemployment, residing in aging housing stock, language barriers, and physical limitations to access necessary services.

To address obstacles to meeting underserved needs, the Community Development Department will leverage resources by partnering with housing and service organizations to provide permanent supportive housing assistance to homeless individuals. Additionally, the City has adopted the Section 3 Plan to promote employment and contract opportunities to low-income residents and Section 504 Rehabilitation Act of 1973 and Americans with Disability Act (ADA) Accessibility Policy to protect individuals with disabilities against discrimination. The City's Compliance Group facilitates training and monitors routinely for contractual compliance to ensure that contracts are adhering to Section 3 guidelines to provide job training and employment and contract opportunities to low-income residents. This Group will also enforce the Davis Bacon Act to ensure contractors and subcontractors pay prevailing wage rates to employees. The Community Development Department will prioritize housing and services to those in need including populations with special needs. Public Service activities using CDBG funds will be used for transportation services to elderly and/or disabled persons.

The Community Development Department is continuously advertising services to the underserved. Translated material is available to persons with limited English proficiency, to assist non-English speaking residents to become aware of programming and services available. Various methods of outreach are being explored to promote community involvement and enhanced communication with residents who have a

disability or underserved need.

Actions planned to foster and maintain affordable housing

The City of Pasadena plans to foster and maintain affordable housing by providing housing rehabilitation services and developing or rehabilitating affordable housing for homebuyer opportunities.

Pasadena has implemented a range of public policies that encourage affordable housing opportunities through a variety of programs. A few key policies and programs which are most relevant and beneficial to support the expansion of affordable and fair housing in Pasadena include an Anti-NIMBYism Plan, Language Access Plan, Accessibility Policy and Flood Plain Management Plan.

Actions planned to reduce lead-based paint hazards

The City continues to take actions to ensure that all housing programs meet the lead-based paint and disclosure provisions required under Title X. Plans to address lead-based paint hazards include:

- Continued distribution of the "*Protect Your Family from Lead in Your Home*" pamphlet to program participants and interested parties;
- Continued inspection for potential lead hazard for all houses which receive HUD funds for rehabilitation and households receiving rapid re-housing assistance;
- Continued treatment of identified lead-based paint hazards;
- Consults with the Harris County Department of Public Health, Environmental Public Health Division on a quarterly basis to request the names and addresses of all children under the age of six who may have been affected and have Environmental Intervention Blood Lead Levels (EIBLL);
- Training and certification for staff supervising work on projects which require lead-based paint reduction activities; and,
- Enforcement of requirements for lead-based paint inspections by firms performing risk assessments for the City of Pasadena to include a copy of certification to perform risk assessments, copies of risk assessor's state/EPA certification license, copy of analytical laboratory EPA recognition, and copy of risk assessment firm's radiation safety license or registration.

The City will expand its efforts in the current reporting period by more widely publicizing and distributing the "Protect Your Family from Lead in Your Home" pamphlet in English and Spanish to landlords, realtors, lenders and health care providers based in Pasadena.

Actions planned to reduce the number of poverty-level families

In efforts to address and reduce the number of poverty-level families, the City coordinates with other City departments, local businesses, service providers, and surrounding jurisdictions. By collaborating with local agencies, additional resources may be secured and duplicated efforts may be reduced. To assist families

achieve financial stability, the City of Pasadena Housing Department administers the Family Self-Sufficiency Program to current HCV residents and previous public service activities administered by CDBG have increased literacy and marketability of participants.

In addition, the Section 3 Plan adopted by the City will assist in creating economic opportunities. The plan allows preferences to Section 3 Workers, Targeted Section 3 Workers and Section 3 Business Concerns, thereby creating contract opportunities for businesses comprised of low-income residents. As the community is educated regarding Section 3, potential contractors, businesses and low-income residents can access available opportunities to reduce poverty in their household.

Lastly, the City will support economic development and neighborhood redevelopment programs through City general funds to create job opportunities to low and moderate income and poverty-level families, support small business retention, expansion and recruitment through the Pasadena Economic Development Corporation (EDC). Strategies to meet goals noted with the Pasadena EDC Strategic Plan include:

- Expanding awareness of the Pasadena EDC and Pasadena Chamber of Commerce collaboration on the Business Retention and Expansion Program initiated in 2021;
- Ensuring Pasadena ISD Career and Technical High School and San Jacinto College Continuing and Professional Development Program have the capacity and resources to offer training and certifications in all target areas;
- Taking an active role in regional workforce development and training initiatives;
- Collaborating with San Jacinto College and the University of Houston – Clear Lake to enhance recruitment and retention of higher education students and young professionals; and
- Developing new incentives focused on retaining and expanding existing Pasadena employers.

Actions planned to develop institutional structure

The City's current structure highlights commitment to ensuring that all functions perform in a concerted manner to guarantee an efficient and effective use of public and private resources with maximum output in the form of accomplishments. Underlying this effort is the recognized need to maintain a high level of coordination on projects involving other City departments and/or outside agencies. Additionally, the Community Development Department will continue to address gaps and improve institutional structure by promoting training related to Fair Housing, Section 3 and Davis Bacon Labor Standards. Increased coordination with surrounding jurisdictions such as the City of Houston, Harris County, Brazoria County and Fort Bend County has improved the administration and understanding of requirements to allow a streamlined execution of federal programs.

Additionally, the City of Pasadena and the Houston-Galveston Area Council (H-GAC) have embarked on a program called Livable Centers with a goal of designing livable communities for people to live, work, and play with healthier lifestyles. The overall goal of the study is to create a vibrant urban center for all ages

that connects diverse housing and thriving parks with employment opportunities to support healthy lifestyles. The study will result into a forward-looking vision and conceptual plan with tactical implementation strategies for catalyst projects that encourage walkability, connections within and between nodes of community activity, and build environment strategies that support local economic development and employment.

Actions planned to enhance coordination between public and private housing and social service agencies

The City evaluates all opportunities to leverage resources to maximize program outcomes to increase opportunities and recognize accomplishments of the City of Pasadena Community Development Department and its partners in the public and private housing and social service sectors. Coordination with the Coalition for the Homeless Houston/Harris County, Continuum of Care (CoC), and various City departments has continued to expand opportunity and enhance services provided throughout the community.

Discussion:

While continuously refining its program strategies, the City of Pasadena Community Development Department will address obstacles to meet underserved needs, like poverty, and foster affordable housing by enhancing coordination and developing greater collaboration with local providers and surrounding communities.

HOME Investment Partnership Program (HOME)
Reference 24 CFR 91.220(l)(2)

1. **A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:**

The City of Pasadena is not utilizing other forms of investment beyond those identified in Section 92.205.

2. **A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:**

Recapture Provisions:

The City of Pasadena will enforce the Recapture Provisions in cases where HOME funds are provided as a direct subsidy to a homebuyer. Recaptured funds as a result of property being sold, rented, or vacated within the affordability period must be used for HOME eligible projects. Recaptured funds are not considered program income and cannot be used for planning and administrative costs. *Direct HOME subsidy* is the entire amount of HOME assistance that enabled the homebuyer to purchase the home. The direct subsidy includes down payment assistance, closing cost, rehabilitation costs or other HOME assistance provided directly to the homebuyer or homeowner.

The HOME rule limits recapture to available net proceeds. Therefore, the City can only recapture what is available from net proceeds. Net proceeds is the sales price minus superior loan repayment (other than HOME funds) and any closing costs. The City of Pasadena will reduce the amount of direct HOME subsidy on a prorated basis for the time the original homebuyer has owned and occupied the home, measured against the required affordability period.

Resale Provisions:

The resale policy ensures that HOME-assisted units remain affordable over the entire affordability period. The resale policy will be used in cases where HOME funds are provided directly to a developer to reduce development costs, thereby, making the price of the home affordable to the buyer. Referred to as “development subsidy”, these funds are not repaid by the developer to the City, but remain with the property for the length of the affordability period. Specific examples where the resale policy will be implemented include:

- Funds are provided to developers for acquisition and development of property or to acquire affordable ownership units;
- Funds are provided for site preparation or improvement, including demolition; and,
- Funds are provided for construction materials and labor.

The City of Pasadena will administer its resale provisions by ensuring that if the property is sold during

the period of affordability, the price at resale provides the original HOME-assisted homebuyer with a fair return on investment. It is important to note that in certain circumstances, such as a declining housing market where home values are depreciating, the original homebuyer may not receive a return on his or her investment because the home sold for less or the same price as the original purchase price.

All HOME-assisted units "designated as affordable units" shall meet the following criteria:

- The subsequent purchaser must be low-income as defined by HOME and occupy the home as the principal residence;
- The sales price must be affordable to the subsequent purchaser. Affordable is defined as limiting the principal, interest, taxes and insurance (PITI) amount to no more than 30 percent of the new purchaser's household monthly income;
- Under no circumstances may the "affordable" sales price exceed 95 percent of the median purchase price for the area; and,
- The City of Pasadena's definition of reasonable range of low-income homebuyers are families between 60 to 80 percent of area median income.

Recapture or resale provisions must be detailed and outlined in accordance with 24 CFR 92.254 in marketing brochures, written agreements, and all legal documents with homebuyers. Recapture or resale provisions may be used within a project, but not both. Combining provisions to create hybrids is not allowed.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

Affordability for homeownership projects undertaken using the recapture provision shall be ensured through the use of real estate lien notes and/or restrictive covenants outlining the City's recapture provisions. Homeownership projects undertaken using the resale provision shall use deed restrictions, covenants running with the land, or other similar mechanisms per 92.254(a)(5)(i)(A) to ensure the resale requirements are met. The period of affordability is based on the total amount of HOME funds invested in the housing project. Recapture and resale provisions adopted by the City of Pasadena are included within Appendix III, Unique Appendices.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

The City of Pasadena does not anticipate using HOME funds to refinance existing debt secured by multifamily housing that is being rehabilitated with HOME funds.

5. If applicable to a planned HOME TBRA activity, a description of the preference for persons

with special needs or disabilities. (See 24 CFR 92.209(c)(2)(i) and CFR 91.220(l)(2)(vii)).

The City as the Participating Jurisdiction, does not anticipate limiting beneficiaries through a preference for persons with a specific category of disabilities, rather the City will rely on assisting clients through the determination of income-eligibility and using the PHA preference criteria outlined within the City of Pasadena Housing Choice Voucher Administration Plan, as amended.

- 6. If applicable to a planned HOME TBRA activity, a description of how the preference for a specific category of individuals with disabilities (e.g. persons with HIV/AIDS or chronic mental illness) will narrow the gap in benefits and the preference is needed to narrow the gap in benefits and services received by such persons. (See 24 CFR 92.209(c)(2)(ii) and 91.220(l)(2)(vii)).**

Not Applicable.

- 7. If applicable, a description of any preference or limitation for rental housing projects. (See 24 CFR 92.253(d)(3) and CFR 91.220(l)(2)(vii)). Note: Preferences cannot be administered in a manner that limits the opportunities of persons on any basis prohibited by the laws listed under 24 CFR 5.105(a)**

Not Applicable.

Emergency Solutions Grant (ESG) Reference 91.220(l)(4)

- 1. Include written standards for providing ESG assistance (may include as attachment)**

Written Standards for providing ESG assistance are included within the *Unique Appendices*.

- 2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.**

The Continuum of Care (COC) in the Houston area has established a centralized and coordinated assessment system that meets HUD requirements. The Coordinated Access System (CAS) institutes consistent and uniform assessment and referral processes to determine and secure the most appropriate response to each individual or family's immediate and long-term housing needs. The Coordinated Access System is designed to 1) allow anyone who needs assistance to know where to go to get that assistance, to be assessed in a standard and consistent way, and to connect with the housing /services that best meet their needs; 2) ensure clarity, transparency, consistency and accountability for homeless clients, referral sources and homeless service providers throughout the assessment and referral process; 3) facilitate exits from homelessness to stable housing in the most

rapid manner possible given available resources; 4) ensure that clients gain access as efficiently and effectively as possible to the type of intervention most appropriate to their immediate and long-term housing needs; 5) ensure the people who have been homeless the longest and/or are the most vulnerable have priority access to scarce permanent supportive housing resources.

Several roles play a part in the operation of the Coordinated Access System. These roles include; the Coordinating Entity, which is responsible for the daily administration of the Coordinated Access System (The Coalition for the Homeless Houston/Harris County serves as the Coordinated Entity); the Project Manager (staffed by the Coordinating Entity); Assessment Hubs, which are selected agency sites that provide prompt access to intake and assessments; Housing Assessors, who complete the Coordinated Access Housing Assessment using HMIS; Housing Navigators, who begin the process of securing an identified, available unit; Receiving Programs, which are all Permanent Supportive Housing, Rapid Re-Housing, and Transitional Housing programs and have responsibilities that include reporting vacancies to the Coordinated Entity and responding to referrals from the Coordinated Access System; and Authorized User Agencies; which are housing providers that choose to or are required to participate in the Coordinated Access System and have access to the Homeless Management Information System (HMIS) database.

The pathway through the Coordinated Access System includes the following steps:

- 1) Connecting to the Coordinated Access System/Initial Requests for Services
- 2) Housing Assessment
- 3) Housing Match
- 4) Housing Referral
- 5) Housing Navigation

3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

The City of Pasadena releases a public notice as notification of fund availability to solicit ESG Program eligible projects. Community Development Department (CDD) staff then reviews and evaluates the proposed applications based on completion of the application, program eligibility, and capacity and effectiveness of the organizations serving the community. The CDD Manager evaluates the proposed applications, staff evaluations and provides funding recommendation to the Director of Housing and Community Development with the final approval resting with the City of Pasadena City Council.

4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with

homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

In an effort to remain in compliance with the homeless participation requirement in 24 CFR 576.405(a), the City of Pasadena remains active within the Coalition for the Homeless and seeks guidance from the Consumer Representatives (previous homeless individuals) which currently hold a position on the Steering Committee. The Community Development Department also makes every effort to attend all seminars and trainings that are provided by the Coalition for Homeless. Through agreements, the City of Pasadena also requires subrecipients to hold at least one chair for a previously homeless individual on their Board of Directors.

The City has ensured at least one agency funded through ESG has a homeless or formerly homeless individual in a position to offer recommendations on policies and services funded under ESG. The City also consults with formerly homeless individuals through subrecipient agencies and takes their input into consideration in the development of the City's Annual Action Plan.

5. Describe performance standards for evaluating ESG.

An executed agreement between the City of Pasadena and the subrecipient is required for all activities funded by HUD allocations, prior to project implementation and expenditure of funds. The agreement will provide the basis for all expenditures, monitoring of project production, timeliness, and compliance.

In addition to delineating the basic standards and regulations in effect for the particular funding source, the agreement will set forth responsibilities and procedures for each party, establish performance and product measures, and specify monitoring review schedules and compliance terms. The agreement ensures that the program is implemented and completed in a time and cost effective manner, and in accordance with all applicable statutory requirements.

The City of Pasadena will continue to partner with the Coalition for the Homeless and other ESG grantees within the Continuum to end and prevent homelessness. As the program regulations change, the City will update program policies as appropriate to ensure an effective program is operating within compliance. The City is constantly seeking to improve the ESG program and maximize both the quality and quantity of services provided to the City's homeless and those who are at risk of becoming homeless.

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY
Notice of Draft Federal Operating Permit and Acid Rain Permit
Draft Permit No. 02394

Application and Draft Permit. Deer Park Energy Center LLC, PO Box 1048, Deer Park, TX 77536-1048, has applied to the Texas Commission on Environmental Quality (TCEQ) for a renewal of Federal Operating Permit and Acid Rain Permit (herein referred to as Permit) No. 02394, Application No. 34524, to authorize operation of the Deer Park Energy Center, a Fossil Fuel Electric Power Generation facility. The area addressed by the application is located at 5665 Hwy 225 in Deer Park, Harris County, Texas 77536. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to the application. You can find an electronic map of the facility at: <https://gisweb.tceq.texas.gov/LocationMapper/?marker=-95.136111,29.715277&level=13>. This application was received by the TCEQ on December 1, 2022.

The purpose of a federal operating permit is to improve overall compliance with the rules governing air pollution control by clearly listing all applicable requirements, as defined in Title 30 Texas Administrative Code § 122.10 (30 TAC § 122.10). The draft permit, if approved, will codify the conditions under which the area must operate. The permit will not authorize new construction. The executive director has completed the technical review of the application and has made a preliminary decision to prepare a draft permit for public comment and review. The executive director recommends issuance of this draft permit. The permit application, statement of basis, and draft permit will be available for viewing and copying at the TCEQ Central Office, 12100 Park 35 Circle, Building E, First Floor, Austin, Texas 78753; the TCEQ Houston Regional Office, 5425 Polk St Ste H, Houston, Texas 77023-1452; and the Deer Park Public Library, 3009 Center St, Deer Park, Texas 77536-5063, beginning the first day of publication of this notice. The draft permit and statement of basis are available at the TCEQ Website: www.tceq.texas.gov/goto/tvnotice

At the TCEQ central and regional offices, relevant supporting materials for the draft permit, as well as the New Source Review permits which have been incorporated by reference, may be reviewed and copied. Any person with difficulties obtaining these materials due to travel constraints may contact the TCEQ central office file room at (512) 239-2900.

Public Comment/Notice and Comment Hearing. Any person may submit written comments on the draft permit. Comments relating to the accuracy, completeness, and appropriateness of the permit conditions may result in changes to the draft permit.

A person who may be affected by the emission of air pollutants from the permitted area may request a notice and comment hearing. The purpose of the notice and comment hearing is to provide an additional opportunity to submit comments on the draft permit. The permit may be changed based on comments pertaining to whether the permit provides for compliance with 30 TAC Chapter 122 (examples may include that the permit does not contain all applicable requirements or the public notice procedures were not satisfied). The TCEQ may grant a notice and comment hearing on the application if a written hearing request is received within 30 days after publication of the newspaper notice. The hearing request must include the basis for the request, including a description of how the person may be affected by the emission of air pollutants from the application area. The request should also specify the conditions of the draft permit that are inappropriate or specify how the preliminary decision to issue or deny the permit is inappropriate. All reasonably ascertainable issues must be raised and all reasonably available arguments must be submitted by the end of the public comment period. If a notice and comment hearing is granted, all individuals that submitted written comments or a hearing request will receive written notice of the hearing. This notice will identify the date, time, and location for the hearing.

Written public comments and/or requests for a notice and comment hearing should be submitted to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087, or electronically at www14.tceq.texas.gov/epic/eComment/ and be received within 30 days after the date of newspaper publication of this notice. Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record.

A notice of proposed final action that includes a response to comments and identification of any changes to the draft permit will be mailed to everyone who submitted public comments, a hearing request, or requested to be on the mailing list for this application. This mailing will also provide instructions for public petitions to the U.S. Environmental Protection Agency (EPA) to request that the EPA object to the issuance of the proposed permit. After receiving a petition, the EPA may only object to the issuance of a permit which is not in compliance with the applicable requirements or the requirements of 30 TAC Chapter 122.

Mailing List. In addition to submitting public comments, a person may ask to be placed on a mailing list for this application by sending a request to the Office of the Chief Clerk at the address above. Those on the mailing list will receive copies of future public notices (if any) mailed by the Chief Clerk for this application.

Information. For additional information about this permit application or the permitting process, please contact the Texas Commission on Environmental Quality, Public Education Program, MC-108, P.O. Mary Glynn King Blalock 1950 - 2022

This world lost the dynamic force of nature that was Mary Glynn King Blalock, April 2, 2024, on her 50th Birthday.

God said I can't wait one more minute without you here with me. He took her by the hand as she slept, no pain, no struggle, just walked away hand in hand with the Lord.

Mary Glynn with her unbreakable will, sharp-as-a-razor intellect, movie-star quality beauty, and wicked sense of humor, fought hard, loved passionately, and lived on her own terms.

She possessed many talents and abilities, fashion and cooking being only a couple. The only thing stronger than her independent nature was her faith in Jesus! She took every opportunity to tell people about Christ and how they too, could have a personal relationship with him. (No matter the environment she found herself in.)

Glynn was born in Winters, Texas, and was always proud of that fact. Born eldest daughter of five to Malcolm Mabry King and Mary Sibley King. Four younger sisters, the twins, Gayle (Ludy) King Lewis (surviving), Gayle (Froggy) King Thompson; Norma Jean King Campbell, and Linda Lymeele King Ferench.

She married Richard H. Blalock in 1950, at Alta Vista Baptist Church in Pasadena, Texas, at the age of 16. That union produced three of the finest people walking on the planet (Mary Glynn quite).

Children, Michael Wayne Blalock, Patricia Gayle Blalock, Tyna Marie Blalock Oppert (change of life baby); daughter-in-law of 49 years, Sheri Elaine Arthur Blalock; grandchildren, Richard Clinton Blalock, Erin Michelle Blalock Schecter, Michael Wayne Blalock Jr., and Joshua Mabry Oppert (Passum).

Nothing gave her more joy than her kids, grandkids, and great-grandkids. Loved her or hated her, you never overlooked her! She will be unbelievably missed! We Love You Mom!

Remembrance of Mary Glynn King Blalock will be a private affair amongst family and close friends.

March was a mixed bag for Houston real estate as home prices rose slightly year-over-year, but sales volume fell, according to Houston Association of Realtors.

Home sales off to mixed start for spring

By Marissa Luck STAFF WRITER

Houston's spring buying season started with conflicting signals as home prices rose but sales declined in March.

Area home sales last month fell 7.5% year-over-year to 7,334 transactions, according to a report from Houston Association of Realtors, suggesting mortgage rates around 7% may be keeping potential homebuyers on the fence. The number of sales were also 24% less than during the same month in 2022, just as mortgage rates began to climb.

The monthly decline follows a period in which regional home sales increased three out of four months, offering hope that more Houston homebuyers were reentering the housing market.

Although mortgage rates have come down by about a percentage point from their post-pandemic peak in October, they ticked up to 7.0% last week while the number of mortgage applications was unchanged, according to the Mortgage Bankers Association.

Community Development Department

Interoffice Memorandum

DATE: November 12, 2024

SUBJECT: Minor Amendment to PY24 Annual Action Plan

The City of Pasadena Community Development Department proposes to amend its approved 2024 Annual Action Plan. In accordance with the City's Citizen Participation Plan, adopted under Resolution 2024-042, minor amendments represent any action that changes an activity budget in an Annual Action Plan by less than twenty-five percent (25%). These actions require the signature of the Director of Housing and Community Development, or his/her designee, but do not require public notice or City Council approval.

Therefore, the City of Pasadena Community Development Department proposes a minor amendment as follows:

To reallocate \$8,589.97 in Program Year 2018 HOME Investment Partnerships Program (HOME) funds to Housing Rehabilitation Services Program. The proposed activity will support the housing rehabilitation goal within the 2023-2027 Consolidated Plan by providing minor to moderate rehabilitation of homes owned and occupied by low to moderate income residents of Pasadena. The proposed change will not affect the purpose, scope, location or beneficiary data associated with either activity.

5.10 Resale and Recapture Provisions 24 CFR 92.254(5)

The City's HOME Program uses funds to provide affordable housing by assisting homebuyers, homeowners, and developers. The types of subsidies include acquisition, rehabilitation, or new construction of single-family housing for individual low-income homebuyers and/or homeowners. The HOME funds may be structured in a variety of ways, including low-interest, zero-interest, deferred payment loans, or grants. The City of Pasadena shall determine, based upon the type of subsidy, form of ownership, and type of market in which the property is located, whether the period of affordability shall be enforced by either the resale or recapture policy.

5.10.1 Resale Policy

The resale policy ensures that HOME-assisted units remain affordable over the entire affordability period. The resale policy will be used in cases where HOME funds are provided directly to a developer to reduce development costs, thereby, making the price of the home affordable to the buyer. Referred to as "development subsidy", these funds are not repaid by the developer to the City, but remain with the property for the length of the affordability period.

Specific examples where the resale policy will be implemented include:

- Funds are provided to developers for acquisition and development of property or to acquire affordable ownership units;
- Funds are provided for site preparation or improvement, including demolition; and
- Funds are provided for construction materials and labor.

Ensuring Long Term Affordability

The HOME rule at 24 CFR 92.254(a)(3) requires the City HOME-assisted homebuyer housing be acquired by an eligible low-income household and the housing must remain the principal residence throughout the period of affordability. If ownership is transferred voluntarily or involuntarily, or otherwise, during the period of affordability, the home may only be made available for subsequent purchase to a buyer whose household qualifies as low-income and will use the property as a principal residence.

Fair Return on Investment

The City will administer its resale policy to ensure that if the property is sold during the period of affordability, the price at resale provides the original HOME-assisted homebuyer a fair return on investment. Fair return is determined using:

- The original homebuyer's initial investment (down payment);
- Any principal payments made;
- Any capital improvements, documented with receipts provided by the homeowner, including, but not limited to:
- Any additions to the home such as a bedroom, bathroom, or garage;
- Replacement of heating, ventilation, and air conditioning systems;

- Accessibility improvements such as bathroom modifications for disabled or elderly persons, installation of wheelchair ramps and grab bars, any and all of which must have been paid for directly by the homeowner and which were not installed through a federal, state, or locally-funded grant program;
- Outdoor improvements such as a new driveway, walkway, retaining wall or fence; and
- The average change in the Consumer Price Index over the period of ownership.
- http://www.bls.gov/data/inflation_calculator.htm

It is important to note that in certain circumstances, such as a declining housing market where home values are depreciating, the original homebuyer may not receive a return on his or her investment because the home sold for less, or the same price, as the original purchase price.

$(\text{Down Payment} + \text{Principal Payments} + \text{Capital Improvements}) \times \text{Consumer Price Index} = \text{Fair Return}$

$\text{Down Payment} + \text{Principal Payments} + \text{Capital Improvements} + \text{Fair Return} = \text{Total Return to the Original Homebuyer}$

Affordability to a Range of Buyers

The resale policy will ensure the HOME-assisted unit remains affordable over the entire period of affordability. All HOME-assisted units “designated as affordable units” shall meet the following criteria:

- The subsequent purchaser must be low-income as defined by HOME and occupy the home as his/her primary residence for the remaining years of the affordability period. (However, if the new purchaser receives direct assistance through a HOME-funded program, the affordability period will be recalculated according to the amount of assistance provided);
- The sales price must be affordable to the subsequent purchaser. Affordable is defined as limiting the principal, interest, taxes, and insurance (PITI) amount to no more than 30% of the new purchaser’s household monthly income;
- Under no circumstances may the “affordable” sales price exceed 95% of the median purchase price for the area; and
- The City’s definition of reasonable range of low-income homebuyers are families between 60 to 80 percent of area median income.

Affordability Requirements of the HOME Program

The HOME-assisted requirements state that in order for homeownership housing to qualify as affordable it must:

- Be single-family, modest housing;
- Be acquired by a low-income household as its principal residence;
- Meet affordability requirements for a specific period of time as determined by the amount of assistance provided; and

- Consistent with 24 CFR Part 92.254(a)(4), the following minimum period of affordability shall be enforced for homebuyer projects:

HOME Assistance per Unit	Minimum Period of Affordability
Under \$15,000	5 years
\$15,000 to \$40,000	10 years
Over \$40,000	15 years

Period of Affordability under Resale

The HOME rule states that the period of affordability is based on the total amount of HOME funds invested in the unit for the original and subsequent homebuyers. This option also ensures that the HOME-assisted unit remains affordable over the entire period of affordability, even if unit is sold to a subsequent new homebuyer.

Enforcement of the Affordability Period

The resale policy will be imposed for the duration of the period of affordability through a written agreement with the homebuyer and will be enforced through the use of a lien, deed restriction, or covenant running with the land. The City will file the lien and/or Deed of Trust with the Harris County Clerk’s Office within 30 days of execution, unless otherwise specified per a written agreement or contract with the developer or subrecipient. The lien will specify:

- The length of the affordability period (based on the dollar amount of HOME funds invested in the unit; either 5,10,15 years);
- The home must remain the homebuyer’s principal residence throughout the affordability period; and
- The conditions and obligations of the owner, should the owner wish to sell before the end of the affordability period.

The resale policy will be triggered and enforced if any one of the following events occur during the period of affordability:

- The homebuyer sells, transfers or disposes of the property or home whether voluntarily or involuntarily;
- The homebuyer fails to occupy the home as the principal residence; and,
- The homebuyer violates any terms of any Agreements entered into with the City.

EXAMPLE: A person (the “original homebuyer”) purchased a home with 10-year affordability period six years ago and now wishes to sell. The original homebuyer’s mortgage was \$52,250 at 6.75% interest for 30 years, and has made payments for 72 months. The current mortgage balance is \$48,270. The principal amount paid down so far is \$3,980.

Calculating Fair Return on Investment:

Down payment: The original homeowner was required to put down \$1,000 earnest money at the signing of the sales contract.

Cost of Capital Improvements: The original homeowner had a privacy fence installed four years ago at the cost of \$1,500 and has receipts to document the improvement. A visual inspection confirmed the fence is still in place.

Percentage of Change: The original purchase price for the home was \$55,000 and the amount of developer subsidy was \$25,000, thus requiring the 10-year affordability period.

For the purpose of using the Consumer Price Index (CPI) calculator, the home was purchased in 2009 and will calculate for the same buying power as in 2015. Using the CPI Inflation Calculator, the house would be worth approximately \$60,175.

Calculating the Fair Return to the Original Owner:

Down Payment:	\$1,000
Capital Improvements:	\$1,500
Principal Paid:	\$3,980
Increase in Value per CPI:	\$5,175

\$11,655 Fair Return on Investment

In order to realize a fair return to the original homeowner, the sales price must be set at roughly \$60,000 (i.e. \$55,000 [\$3,980 in principal payments made plus remaining mortgage balance of \$48,270] + \$1,000 down payment + \$1,500 capital improvements + \$5,175 CPI increase = \$60,000).

Affordability for a Range of Buyers: If the original homebuyer sets the sales price at \$60,000 to get a fair return on investment, and if current (2015) assumptions are used for front/back ratios, interest rates, insurance, taxes, a 95% Loan-to-Value (LTV) Ratio, etc., the monthly principal, interest, taxes and insurance (PITI) payments would be approximately \$550.

The PITI of \$483 could, in theory, be supported by an annual household income of \$22,000 and not exceed 30% of the subsequent homebuyer's monthly income. The housing costs could be supported more realistically by households with incomes between 50% and 80% MFI. However, with a 95% LTV ratio, most buyers will require down payment assistance which, if HOME funds are used, would create a new affordability period based on the level of the new HOME investment.

If the subsequent homebuyer does not require any HOME subsidy to purchase the home, the affordability period would end in 4 years, at which time the subsequent homebuyer could sell to any buyer at any price.

5.10.2 Recapture Policy

The recapture policy as outlined in 24 CFR Part 92.254(a)(5)(ii)(A)(1) through (7) shall be enforced in cases where HOME funds are provided as a direct subsidy to a homebuyer or homeowner.

The recapture policy will be triggered if any one of the following events occur during the period of affordability:

- The homebuyer/homeowner sells, transfers or disposes of the property or home whether voluntarily or involuntarily;
- The homebuyer/homeowner fails to occupy the home as the principal residence; and
- The homebuyer/homeowner violates any terms of any Agreements entered into with the City.

Recaptured funds as a result of property being sold, rented or vacated within the affordability period must be used for HOME eligible projects. Recaptured funds are not considered program income and cannot be used for planning and administrative costs.

Direct Subsidy

Direct HOME Subsidy is the entire amount of HOME assistance that enabled the homebuyer to buy the home. The direct subsidy includes down payment assistance, closing costs, rehabilitation costs or other HOME assistance provided directly to the homebuyer or homeowner.

Net Proceeds

Net proceeds are the sales price minus superior loan repayment (other than HOME funds) and any closing costs. The HOME rule limits recapture to available net proceeds, therefore, the City can only recapture what is available from net proceeds.

Affordability Requirements of the HOME Program

The HOME requirements state that in order for homeownership housing to qualify as affordable it must:

- Be single-family, modest housing;
- Be acquired by a low-income family as its principal residence; and
- Meet affordability requirements for a specific period of time as determined by the amount of assistance provided.

Consistent with 24 CFR Part 92.254(a)(4), the following minimum period of affordability shall be enforced for homebuyer projects:

HOME Assistance Per Unit	Minimum Period of Affordability
Under \$15,000	5 years
\$15,000 to \$40,000	10 years
Over \$40,000	15 years

The HOME requirements state that in order for housing that is currently owned by a family, such as housing that is rehabilitated without acquisition (i.e. owner-occupied housing rehabilitation), to qualify as affordable:

- The estimated value of the property, after rehabilitation, does not exceed 95 percent of the median purchase price for the area; and;
- The housing must be the principal residence of the household and qualify as low-income at the time HOME funds are committed to the housing.

Although there is no long-term affordability or occupancy requirements associated with rehabilitation assistance to owner-occupants, the City imposes a separate affordability period for the Housing Rehabilitation Services Program for income eligible, single-family, owner-occupied households. Therefore, households receiving rehabilitation assistance must meet affordability requirements for a specific period of time as determined by the amount of assistance provided, as specified below.

HOME Assistance to Household	Imposed Period of Affordability
Under \$50,000	1 year
\$50,000 or Greater	5 years

For homeowners assisted under the Housing Rehabilitation Services Program, if the last surviving homeowner dies, the imposed affordability period is extinguished and the deferred payment loan will be forgiven in its entirety. A copy of the death certificate shall be provided to the City of Pasadena Community Development Department.

For homeowners assisted under the Housing Rehabilitation Services Program (HRSP), if the homeowner(s), by diagnosis of a doctor, are determined to no longer have the capacity to live independently in their home and are forced to reside in another location for caregiver support, the affordability period is extinguished and the deferred payment loan will be forgiven in its entirety. A written determination made by the doctor or physician, shall be provided to the City of Pasadena CDD.

Enforcement of the Affordability Period

The recapture policy will be enforced through the use of a lien, deed of trust and/or written agreement signed by the homebuyer/homeowner at closing. The lien will specify:

- The length of the affordability period (based on the dollar amount of HOME funds invested in the unit);
- The home must remain the homebuyer/homeowner’s principal residence throughout the affordability period; and,

- The conditions and obligations of the homebuyer/ homeowner, should the homebuyer/homeowner wish to sell before the end of the affordability period.

Reduction during the Affordability Period

The City will reduce the amount of direct HOME subsidy on a pro-rata basis for the time the original homebuyer/homeowner has owned and occupied the home, measured against the required affordability period. The pro-rata amount that will be recaptured by the City of Pasadena is determined as follows:

- Divide the number of years (within the affordability period) the original homebuyer occupied the home by the period of affordability, and;
- Multiply the resulting figure by the total amount of direct HOME subsidy originally provided to the homebuyer.

$\frac{\text{Number of years homebuyer occupied home}}{\text{Total Period of affordability}} \times \text{Total direct HOME subsidy} = \text{Recapture amount}$

Long Term Affordability

No requirements to subsequent new homebuyer.

EXAMPLE: A homebuyer received \$10,000 of HOME down payment assistance and purchases a home developed with HOME funds for \$10,000 below fair market value. The total direct HOME subsidy to the homebuyer is \$20,000 and requires a 10-year period of affordability. If the homebuyer sells the unit in year 5 of the 10-year period of affordability, the City would forgive 50 percent of the direct HOME subsidy and recapture 50 percent of the direct HOME subsidy, or \$10,000 of the \$20,000 HOME investment, assuming that there are sufficient net proceeds available.

$$\frac{\text{Owner resided in home for 5 years}}{10\text{-year period of affordability}} \times \$20,000 \text{ HOME Investment} = \$10,000 \text{ recaptured}$$

7.5.2 Application Process

Prospective applicants may contact the City of Pasadena CDD to obtain information about assistance provided by the HOME Program. The waiting list for rehabilitation/reconstruction assistance is opened periodically based on the City's receipt of HOME funding allocations. Prior to opening of the waiting list, the CDD will perform outreach activities to advertise the program and encourage potential applicants to apply for assistance. Methods of outreach may include, but are not limited to, public notice, social media and on the City of Pasadena website.

Interested homeowners may complete the Preliminary Application for Housing Rehabilitation Services Program. Upon receipt of the preliminary application, the applicants will be placed on the waiting list in the order in which they are received. Assistance shall be provided on a first come, first served basis.

The CDD shall notify each applicant by email and/or certified mail once his/her preliminary application has been reviewed. The notification shall contain additional information the applicant will need to provide in order to determine if qualifications are met for assistance. Applicants must be responsive in providing required documentation supporting their eligibility. Failure to disclose accurate and complete information in a timely manner may render the applicant ineligible for assistance and applicant shall be dropped from the waiting list. The applicant may submit a new application once the waiting list has reopened, however will not be given priority over others. The CDD shall review the additional documentation and verification of ownership and income. The process shall include a review of the following:

- Ownership of the property;
- Criminal background check;
- Property taxes are current, deferred, or on an approved payment plan in good standing;
- Property type and location;
- Household income;
- Principal residency; and/or
- Previous assistance received.

Applicants deemed eligible will receive written notification and be contacted by the CDD to discuss next steps. The City as the Participating Jurisdiction, does not anticipate limiting beneficiaries through preferences, rather the City will rely on assisting clients through the determination of income-eligibility. Meeting the eligibility requirements does not guarantee assistance.

INTRODUCTION

The City of Pasadena has developed the following standards for providing assistance with Emergency Solutions Grants (ESG) funds as required by 24 CFR 576.400(e). These standards were created in coordination with the representatives of The Way Home Continuum of Care including: Harris, Fort Bend, and Montgomery County and the cities of Houston, Pasadena, and Conroe. They are in accordance with the interim rule for the Emergency Solutions Grants Program released by the U.S. Department of Housing and Urban Development on December 4, 2011, and the final rule for the definition of homelessness also released by the U.S. Department of Housing and Urban Development on December 4, 2011.

The City of Pasadena expects that the standards will adjust through gained experience and as data is collected from services provided with the ESG program. These Written Standards serve as the guiding principles for funding programs and outline the operations and process for carrying out each program component.

DEFINITIONS

Chronically Homeless – a homeless individual with a disability who lives either in a place not meant for human habitation, a safe haven, or in an emergency shelter, or in an institutional care facility if the individual has been living in the facility for fewer than 90 days and had been living in a place not meant for human habitation, a safe haven, or in an emergency shelter immediately before entering the institutional care facility. In order to meet the “chronically homeless” definition, the individual also must have been living as described above continuously for at least 12 months, or on at least 4 separate occasions in the last 3 years, where the combined occasions total a length of time of at least 12 months. Each period separating the occasions must include at least 7 nights of living in a situation other than a place not meant for human habitation, in an emergency shelter, or in a safe haven.

Continuum of Care (CoC) – the group composed of representatives of relevant organizations, which generally includes nonprofit homeless providers; victim service providers; faith-based organizations; governments; businesses; advocates; public housing agencies; school districts; social service providers; mental health agencies; hospitals; universities; affordable housing developers; law enforcement; organizations that serve homeless and formerly homeless veterans, and homeless and formerly homeless persons that are organized to plan for and provide, as necessary, a system of outreach, engagement, and assessment; emergency shelter; rapid re-housing; transitional housing; permanent housing; and prevention strategies to

address the various needs of homeless persons and persons at risk of homelessness for a specific geographic area.

Diversión – a short-term problem-solving case management intervention for people actively seeking homeless assistance by either presenting in person at a homeless shelter or a system entry point. The focus is on rapid exit from homelessness or rapid placement in safe, alternative housing. In some cases, financial assistance may also be provided.

Emergency Shelter – any facility, the primary purpose of which is to provide a temporary shelter for the homeless in general or for specific populations of the homeless and which does not require occupants to sign leases or occupancy agreements.

Homeless Management Information System (HMIS) – the information system designated by the Continuum of Care to comply with the HUD’s data collection, management, and reporting standards and used to collect client-level data and data on the provision of housing and services to homeless individuals and families and persons at-risk of homelessness.

Homeless Prevention – Housing relocation and stabilization services and short-and/or medium-term rental assistance as necessary to prevent the individual or family from moving to an emergency shelter, a place not meant for human habitation, or another place described in Homeless Category 1 of Appendix A: HUD Definition for Homeless.

Private Nonprofit Organization – a private nonprofit organization that is a secular or religious organization described in section 501(c) of the Internal Revenue Code of 1986 and which is exempt from taxation under subtitle A of the Code, has an accounting system and a voluntary board, and practices nondiscrimination in the provision of assistance. A private nonprofit organization does not include a governmental organization, such as a public housing agency or housing finance agency.

Program Participant – an individual or family who is assisted under an ESG funded program.

Rapid Rehousing – Housing relocation and stabilization services and/or short-and/or medium-term rental assistance as necessary to help individuals or families living in shelters or in places not meant for human habitation move as quickly as possible into permanent housing and achieve stability in that housing.

Service Area (applicable to Homeless Prevention only) – The Way Home Continuum of Care supports any agencies or services operated within the CoC’s jurisdiction of Harris, Fort Bend & Montgomery Counties and the cities of Houston, Pasadena and Conroe. City of Houston’s service area is defined as the city limits of the City of Houston.

Street Outreach – Essential Services related to reaching out to unsheltered homeless individuals and families, connecting them with emergency shelter, housing, or critical services, and providing them with urgent, non-facility-based care.

Subrecipient – a unit of general-purpose local government or private nonprofit organization to which a recipient makes available ESG funds.

Victim Service Provider – a private nonprofit organization whose primary mission is to provide services to victims of domestic violence, dating violence, sexual assault, or stalking. This term includes rape crisis centers, battered women’s shelters, domestic violence transitional housing programs, and other programs.

STANDARDS APPLICABLE TO ALL PROGRAM COMPONENTS

ELIGIBLE ESG PROGRAM COMPONENTS

There are five (5) ESG Program Components:

1. Rapid Rehousing;
2. Emergency Shelter;
3. Homelessness Prevention;
4. Street Outreach; and
5. Homeless Management Information System (HMIS).

Funds for ESG can be used to support any of the eligible components. The City of Pasadena gives priority to funding that supports securing housing options for homeless households and to support the expansion of rapid rehousing.

COORDINATING ASSESSMENT & SERVICES AMONG PROVIDERS

Coordinated Access Participation: The City of Pasadena expects that all providers participate in the coordinated assessment system or an approved comparable system for Domestic Violence (DV) providers that meets HMIS Data Standards. The system consists of an electronic assessment system housed in the HMIS and is managed by a dedicated Project Manager through the CoC Lead Agency. Coordinated assessment uses a common housing assessment and triage tool to ensure that all homeless individuals are referred to the appropriate housing intervention. Coordinated assessment will be used as each housing intervention supported by ESG is fully integrated into the system referral process.

Verification of Homeless Status: Project level staff are required to obtain documentation at project intake of homeless or at-risk of homelessness status. This status must be maintained in the client's file and available for monitoring by City of Pasadena and HUD. These Standards establish the order of priority for obtaining evidence [per 24 CFR 576.500 (b)] as: 1) third-party documentation, 2) intake worker observations, and 3) certification from the person seeking assistance

Designate staff members for CoC Provider Input forum: Each agency will assign two representatives to the input forum, where at least one member has decision making capacity for the program. CoC Provider Input Forums will meet quarterly, or more often as required by current CoC policies, where providers give and receive information regarding CoC strategies and policies.

Participate in any standardized training as designated by ESG funders and offered through CoC: The CoC will provide a vetted and standardize training curriculum for all housing stability case managers. Training will be available for all agencies providing case management for housing based services. The curriculum and standards will be developed as a part of and in partnership with the Continuum of Care Technical Assistance plan from the Department of Housing and Urban Development. This will focus on the requirements of maintaining stable housing and ensure access to mainstream resources that will provide ongoing, continued and necessary support for households to gain and maintain stable housing

COORDINATING WITH MAINSTREAM AND TARGETED HOMELESS PROVIDERS

The City of Pasadena expects that every agency that is funded through ESG will coordinate with and access mainstream and other targeted homeless resources. The City of Pasadena will evaluate the performance of each provider based on the outcomes achieved toward housing models adopted through the CoC Steering Committee. These outcome measures will be used to evaluate program success annually. The City of Pasadena will use this and other performance metrics to guide funding decisions for ESG funded programs. Required outcomes for each intervention around accessing mainstream resources will match the outcomes approved by the CoC Steering Committee annually.

FAIR HOUSING ACT COMPLIANCE

The Department of Housing and Urban Development ("HUD") is responsible for enforcing the federal Fair Housing Act (the "Act"), which prohibits discrimination in housing on the basis of

race, color, national origin, religion, sex (including gender identity and sexual orientation), familial status, and disability. One type of disability discrimination prohibited by the Act is the refusal to make reasonable accommodations in rules, policies, practices, or services when such accommodations may be necessary to afford a person with a disability the equal opportunity to use and enjoy a dwelling. HUD and DOJ frequently respond to complaints alleging that housing providers have violated the Act by refusing reasonable accommodations to persons with disabilities. State and federal laws require entities to make reasonable changes to policies, practices, procedures and/or physical changes to housing units and/or buildings if such changes are necessary to enable a person with a disability to have equal access to the housing and/or building. Please note that such changes must be necessary as a result of the person's disability. To read more about what this policy entails refer to the link below:

https://www.hud.gov/program_offices/fair_housing_equal_opp

Agencies receiving ESG funds must have a policy in place for program recipients to request reasonable accommodations.

EQUAL ACCESS TO HOUSING FINAL RULES

On February 3, 2012, HUD published a final rule in the Federal Register entitled Equal Access to Housing in HUD Programs regardless of Sexual Orientation or Gender Identity. The rule creates a new regulatory provision that generally prohibits considering a person's marital status, sexual orientation, or gender identity (a person's internal sense of being male or female) in making housing assistance available. Lesbian, gay, bisexual, and transgender people are guaranteed equal access to all housing for all types of housing (affordable, permanent, transitional and emergency) funded through HUD.

In addition to the final rule on Equal Access to Housing, HUD published a final rule in the Federal Register entitled "Equal Access in Accordance with an Individual's Gender Identity in Community Planning and Development Programs". This rule was published on September 21, 2016. This rule ensures that each individual in accordance with their gender identity will have equal access to housing and shelter programs administered by HUD. This rule creates a new regulatory provision that requires those entities that are receiving any HUD funding to grant equal access to facilities, benefits, accommodations and services to individuals in accordance with the individual's gender identity and in a manner that affords equal access to the individual's family.

WAIVERS

A Fair Market Rent Waiver is permission from an authorized HUD office to assist with rent payments above the established Fair Market Rent (FMR). It is considered an “exception” to established requirements. FMRs are used as a guide to determine the level of HUD subsidy for various programs such as the Emergency Solutions Grant (ESG). However, the FMR is not in itself the standard used for determining eligible rents. Each HUD rental assistance program is governed by its own set of statutes and regulations which determine how much rent HUD will pay.

Emergency Solutions Grant short- and medium-term rental assistance can be provided to eligible program participants only when the rent, including utilities (gross rent) for the housing unit does not exceed the FMR established by HUD for the MSA and complies with HUD’s standard of rent reasonableness. HUD may consider waiver requests from ESG grantees to increase these rent limits. Subrecipients such as ACAM have requested and received waivers but it should be noted that these waivers are time-limited (often, but not always, one year) and the requirement for rent reasonableness is not waived even when there is an FMR Waiver in place.

TEXAS PROPERTY CODE OCCUPANCY LIMITS

Texas Property Code Section 92.10 Occupancy Limits

(a) Except as provided by Subsection (b), the maximum number of adults that a landlord may allow to occupy a dwelling is three times the number of bedrooms in the dwelling.

(b) A landlord may allow an occupancy rate of more than three adult tenants per bedroom:

(1) to the extent that the landlord is required by a state or federal fair housing law to allow a higher occupancy rate; or

(2) if an adult whose occupancy causes a violation of Subsection (a) is seeking temporary sanctuary from family violence, as defined by Section 71.004 (Family Violence), Family Code, for a period that does not exceed one month.

(c) An individual who owns or leases a dwelling within 3,000 feet of a dwelling as to which a landlord has violated this section, or a governmental entity or civic association acting on behalf of the individual, may file suit against a landlord to enjoin the violation. A party who prevails in a suit under this subsection may recover court costs and reasonable attorney’s fees from the other party. In addition to court costs and reasonable attorney’s fees, a plaintiff who prevails under this subsection may recover from the landlord \$500 for each violation of this section.

(d) In this section:

(1) “Adult” means an individual 18 years of age or older.

(2) “Bedroom” means an area of a dwelling intended as sleeping quarters. The term does not include a kitchen, dining room, bathroom, living room, utility room, or closet or storage area of a dwelling.

STANDARDS SPECIFIC TO EMERGENCY SHELTER

ELIGIBILITY: HOMELESS STATUS

Homeless clients entering into the shelter system must meet the HUD criteria for homelessness as either literally homeless (Homeless Category 1), at imminent risk of homelessness (Homeless Category 2), homeless under another federal statute (Homeless Category 3), or fleeing/attempting to flee domestic violence (Homeless Category 4).

For additional details related to the HUD definition of Homeless and applicability to each program component, see Appendix A and Appendix C.

ELIGIBILITY: INTAKE AND ASSESSMENT

As already indicated above under Coordinating Assessments & Services, case managers will use the Continuum wide assessment tool to review client's situation, understand eligibility, and begin the process of determining length of assistance. The tool may include an assessment form for diversion. Providers must enter data into HMIS or a comparable database for DV providers.

ELIGIBILITY: PRIORITIZATION & REFERRAL POLICIES

Emergency shelters will prioritize individuals/families that:

- Cannot be diverted; and
- Are literally homeless; and
- Can be safely accommodated in the shelter; and
- Not in need of emergency medical or psychiatric services or danger to self or others.

Also note the following:

- Emergency Shelters cannot discriminate per HUD regulations.

- There are no requirements related to ID, income or employment.
- Transgender placement based on gender self-identification.

STANDARDS SPECIFIC TO HOMELESSNESS PREVENTION AND RAPID REHOUSING

ELIGIBILITY: STATUS AS HOMELESS OR AT-RISK OF HOMELESSNESS

HOMELESSNESS PREVENTION

Individuals/families, who meet the HUD criteria for the following definitions, are eligible for Homelessness Prevention assistance:

- At Risk of Homelessness
- Homeless Category 2: Imminently at-risk of homelessness
- Homeless Category 3: Homeless under other federal statute and
- Homeless Category 4: Fleeing/attempting to flee DV (as long as the individuals/families fleeing or attempting to flee DV are **not** also literally homeless. If the individuals/families are also literally homeless they would actually qualify for rapid re-housing instead. See below.)

Additional eligibility requirements related to Homelessness Prevention include:

- **Proof of residence** within the City of Pasadena service area.
- **Total household income below 30 percent of Area Medium Income (AMI)** for the area at initial assessment. Clients must provide documentation of household income, including documentation of unemployment and zero income affidavit for clients without income.

RAPID REHOUSING

Individuals/families, who meet the HUD criteria for the following definitions, are eligible for Rapid Re-Housing assistance:

- Homeless Category 1: Literally homeless
- Homeless Category 4: Fleeing/attempting to flee DV (as long as the individuals/families fleeing or attempting to flee DV are **also** literally homeless).

For additional details related to the HUD definition of Homeless and At Risk of Homelessness and applicability of these definitions to each program component, see Appendix A, B and C.

ELIGIBILITY: INTAKE AND ASSESSMENT

Coordinated Access will be used for all housing interventions, all clients must have an initial eligibility assessment and triage for appropriate housing by a specially trained housing assessor. All clients come through Coordinated Access and are assessed using housing triage tool in HMIS. Housing triage will identify, based on the standard assessment, individuals best suited for rapid rehousing. The standard assessment accounts for length and frequency of homelessness, physical and mental health status, criminal history, veteran status, domestic violence experience, substance abuse conditions and employment history.

TARGETED POPULATIONS: CLIENT PRIORITIZATION

HOMELESSNESS PREVENTION

Note that all targeted individuals and families described below have to meet the minimum HUD requirements for eligibility for Homeless Prevention.

The City of Pasadena will use a shared assessment form that will target those clients with the most barriers to housing. Each barrier will have an allotment of points, and the higher score (and more barriers) the more likely the client will receive services. The assessment of barriers is based on an objective review of each client's current situation using the tool rather than the subjective opinion of a case manager assessing each client's needs. All clients must have a minimum score of 20 points to receive assistance. See Appendix D for a copy of the assessment form.

Additionally, the City of Pasadena prioritizes clients who are currently in their own housing and have high needs for homelessness prevention funding. This can include, but is not limited to individuals and families who:

- have previously received rapid rehousing assistance and are at risk of becoming homeless again, regardless of barrier assessment score (these households will be identified and triaged through the Coordinated Access system)
- have young children who have limited housing options

RAPID REHOUSING

Coordinated Access will prioritize individuals who are currently homeless but not in need of permanent supportive housing as eligible for rapid re-housing. This can include, but is not limited to individuals and households who,

- are first time homeless;
- have few recent episodes of homelessness; or
- are part of a family that is homeless.

It should be noted, rapid rehousing funds are directed to individuals with income or work history and skills that indicate employability.

FINANCIAL ASSISTANCE

DURATION AND AMOUNT OF ASSISTANCE

The city of Pasadena, as part of the Way Home CoC, has adopted the CoC approved Housing Models and Business Rules to measure community outcomes for all housing interventions. The CoC requires that all subrecipients for ESG Rapid Rehousing funds use the CoC-wide assessment tools to determine the duration and amount of assistance. The tools do not dictate the amount of assistance that each household receives but guides the case manager and client to determine the appropriate amount of assistance for each household.

- All clients are assessed to determine initial need and create a budget to outline planned need for assistance.
- Agencies cannot set organizational maximums or minimums but must rely on the CoC standardized tools located in The Way Home CoC Rapid Rehousing Business Rules to evaluate household need.
- Through case management, client files are reviewed monthly to ensure that planned expenditures for the month validate financial assistance request.
- The City of Pasadena expects that households will receive the minimum amount of assistance necessary to stabilize in housing.

Clients cannot exceed 24 months of assistance in a 36 month period. The Rapid Rehousing business Rules outline the process that require supervisory approval.

PARTICIPANT SHARE

Participant share will be determined by use of common assessment and budgeting tools approved through the Continuum of Care. These tools will determine the monthly assistance amount and client contribution. Clients will participate in the development of their individual housing plan with a case manager based on client goals and shared goals for achieving housing stability. Case managers will use the housing plan to determine the client contribution based on monthly income. Clients are expected to contribute a portion of their income based on budgeting to ensure housing stability. Financial assistance is available for households with zero income. Details of when clients are terminated or redirected to a more appropriate intervention are outlined in the business rules.

HOUSING STABILIZATION AND RELOCATION RELATED ASSISTANCE AND SERVICES

REQUIRED SERVICES: CASE MANAGEMENT & CASE LOADS

The Continuum of Care requires that all clients are referred to a case manager through the coordinated assessment system. Coordinated assessment will triage homeless clients to rapid rehousing that are in need of short to medium term assistance based on individual experience and vulnerability. Coordinated Access Assessors will then directly refer to a rapid rehousing case manager based on client preference and program availability and vacancy. Case managers will perform an individual assessment to create a housing plan using the common assessment tools. This begins the process to rapidly re-house the homeless household as quickly and efficiently as possible

Homelessness prevention clients must have an initial home visit when first approved for assistance and subsequent house visits with each recertification every three months. It is expected that case managers will conduct office visits with homelessness prevention clients between home visits, at least once per month. Case managers and program managers are encouraged to provide more than the minimum required services through case management.

Rapid rehousing case managers should maintain an average case load as identified The Way Home Rapid Rehousing Business Rules. This will allow case managers to provide quality case management and ensure that services are targeted to individuals most likely to be successful with rapid rehousing assistance. As the rapid rehousing program for the continuum expands, this number may change.

Case management include, but is not limited to:

- Housing assistance;
- Home visits determined by case managers; and/or
- Office visits determined by client need and other supportive services required by the housing plan.

Case management staff must communicate with the landlord and ensure that the landlord has an updated copy of the Rental Assistance Agreement. The agency paying rent will have the most updated Rental Agreement and work with all parties to ensure all are aware of anticipated changes to the participant rent share.

As required by the Continuum of Care Housing Models, case managers are expected to follow up with clients that have successfully exited rapid re-housing case management at a minimum of 30 days after exiting the program. Clients who remain in housing for 90 days after exiting rapid re-housing, identified through HMIS, are categorized as stably housed.

REQUIRED SERVICES: HOUSING LOCATION SERVICES

Any subrecipient of ESG assistance must also agree to utilize and may contribute to the function of housing specialist for households receiving rapid rehousing. This role may be a part of case standard management duties or it may be a specialized position. Any subrecipient of ESG assistance must have staff, as part or all of their duties are, to find appropriate housing and develop relationships with affordable housing providers so that ESG clients have greater access to housing choice, rather than expecting clients to navigate the system on their own.

REQUIRED SERVICES: INSPECTION AND LANDLORD AGREEMENT

Any unit that receives financial assistance through rapid rehousing must pass a Housing Quality Standards Inspection as outlined in the ESG regulations. The inspections will be conducted by a qualified agency with expertise in inspection. The process for scheduling and conducting an inspection is outlined in the rapid rehousing business rules.

Any unit that receives rental assistance payments through rapid rehousing must have an agreement in place between the financial assistance fiscal intermediary and the property. The rental assistance agreement details the terms under which rental assistance will be provided. A copy of the rental assistance template is included in the rapid rehousing business rules and outlines the requirements for rental payment, as well as any notice to vacate or eviction by the owner.

INELIGIBLE SERVICES: CREDIT REPAIR AND LEGAL SERVICES

The City of Pasadena will not allow ESG funds to be used for credit repair and legal services. The City of Pasadena has found limited access to this resource by clients and providers and will instead encourage the use of mainstream service providers and establish them as part of the system of providers with formal relationships.

OPTIONAL SERVICES: SECURITY/UTILITY DEPOSITS

Rental and utility deposits can be included in housing stabilization services as dictated by the housing stabilization plan. Rental and utility deposits can be included in lieu of or in combination with rental assistance for a unit. Requirements for inspections and rental assistance agreements for units with only security deposits are outlined in the rapid rehousing business rules.

- Security deposits can cover up to two months of rent.
- Deposits may remain with the client once a client is positively exited from rapid rehousing assistance and at the conclusion of the Rental Assistance Agreement.
 - Security and utility deposit transactions will be managed through the case management fiscal agent and are outlined in the business rules.
- If a client leaves a program before completing assistance or leaves their housing prior to completing case management, the subrecipient must track and return the deposit.

OPTIONAL SERVICES: RENTAL APPLICATION FEES

The City of Pasadena expects that rapid rehousing navigation and location specialists will work closely with housing providers and establish trusting relationships among landlords in a way that will encourage property owners and managers to waive application fees for rental properties. To that end, application fees can only be provided for one application at a time; but note that this only limits the number of applications that require application fees. Case managers and housing specialists can and should work with clients and landlords to process as many free applications as possible.

ELIGIBILITY: PERIODIC RE-CERTIFICATION

All case managers are required to re-certify clients based on the following schedule. At that time, a case manager may decide to extend, decrease or discontinue providing assistance.

Program Component	Schedule	Re-certification Criteria
Homelessness Prevention (HP)	Every 3 months	For both HP and RRH, to continue to receive assistance, clients must <ul style="list-style-type: none"> • be at or below 30% AMI; AND • lack sufficient resources and support networks necessary to retain housing without ESG assistance. Families are required to provide information on income, assets greater than \$5,000, deductions, and family composition during the annual recertification process.
Rapid Rehousing (RRH)	Annually	

STANDARDS SPECIFIC TO STREET OUTREACH

ELIGIBILITY: HOMELESS STATUS

Individuals/ families who meet the HUD criteria for the following definitions are eligible for Street Outreach services:

- Homeless Category 1: Literally Homeless
- Homeless Category 4: Fleeing/ attempting to flee DV (where the individuals/ families also meet the criteria for Category 1)

In addition, individuals and families must be living on the streets or other places not meant for human habitation **and** be unwilling or unable to access services in an emergency shelter.

TARGET POPULATION

Although the homeless population is considered a vulnerable population, street outreach activities should target those who are extremely vulnerable including youth and chronically homeless persons.

ENGAGEMENT/COLLABORATION

The City of Pasadena requires that agencies conducting street outreach activities must engage with unsheltered homeless persons for the purpose of providing immediate support, intervention or connections with mainstream social service programs. The connection of any unsheltered person to an emergency shelter, supportive housing, and/or referral to social service agencies will serve as immediate support and intervention for housing stabilization or critical services.

Agencies are encouraged to use evidenced based practices for their street outreach efforts; including the Housing First Model that quickly connects individuals to permanent housing in the face of acute barriers to entry into housing programs. Additionally, the agencies will participate in the local Continuum of Care’s Street Outreach Workgroup and utilize the Coordinated Access Assessment to identify barriers to housing.

ELIGIBILITY: INTAKE AND ASSESSMENT

The City of Pasadena requires that agencies conducting street outreach activities must provide individuals and families with an assessment and enter data into HMIS or a comparable database for DV providers. The City of Pasadena encourages providers to develop relationships with unsheltered homeless persons that will help connect them with emergency shelter and housing services through a referral to Coordinated Access.

Fair Housing

City of Pasadena

Analysis of Impediments to Fair Housing Choice

2024 Annual Action Plan

Fair housing and equal opportunity are fundamental principles to creating and sustaining communities in Pasadena. One way the City demonstrates its commitment to these principles is by completing an Analysis of Impediments to Fair Housing Choice (AI). The overall goal of the AI approach is to help communities analyze challenges to fair housing choice and establish goals and priorities to address fair housing barriers. A secondary goal is to help communities move toward an economic opportunity philosophy when making planning and housing policy decisions.

The City of Pasadena has prepared an Analysis of Impediments to Fair Housing Choice (AI) to satisfy the requirements of the Housing and Community Development Act of 1974, as amended to serve as a comprehensive look at fair housing issues in the City of Pasadena. The report includes an analysis of various demographic, economic, and housing indicators; a review of public and private sector policies that affect fair housing; and a review of the City's efforts to create fair housing choice. The City of Pasadena recognizes that there are important steps to mitigate these barriers to affordable housing, including a combination of planning, legal, and financial tools. The recommended actions noted in the table below seek to not only build on existing policies and programs but offer new or expanded actions to stimulate residential investments and increase the supply of affordable housing in the City.

In outlining the vision for the development of the AI, the City sought input from residents, stakeholders, not-for-profit organizations, City staff, and community and government leaders. To this end, the City contacted representatives of various housing organizations, social service agencies, faith-based organizations, and governmental institutions to participate in public meetings and a community survey. The survey contained a range of questions about possible impediments relating to fair housing discrimination, education, and causes. The City of Pasadena administered a citywide survey on residents' and stakeholders' experiences with the local housing market from January 15, 2023 through March 31, 2023. It was available online and circulated on the City website, social media, through neighborhood groups, and at public meetings. The community survey received 83 total responses and the stakeholder survey received six responses. There were several questions in the survey related to housing discrimination perceptions, experiences of discrimination, and reporting of incidents of discrimination.

Findings from this outreach, in addition to the quantitative analysis conducted for the study, were used in the formation of impediments and the highest priority fair housing issues. Key findings identified in the analysis to fair housing choice are:

- Limited Incentives for Lower Cost Housing
- Barriers For People with Disabilities
- No Land Use Zoning
- High Number of Households with Severe Housing Problems
- Large Number of Housing Cost Burdened Households
- Above Average Amount of Crowding
- Reduction in Federal Financial Assistance
- Shortage of Housing Vouchers

City of Pasadena

Analysis of Impediments to Fair Housing Choice

2024 Annual Action Plan

- Inadequate Staffing for Housing Rehabilitation Program
- Large Homeless Population
- Declining Housing Affordability

The proposed projects and activities listed in the 2024 Annual Action Plan address the goals and priority needs. The City of Pasadena Community Development Department continues to work in improving coordination with various public, private and non-profit groups in the Pasadena community to address the community's priority needs, especially those of targeted low-income persons and special needs populations. The Consolidated Plan objectives represent high priority needs for the City of Pasadena and serve as the basis for the strategic actions used to meet these needs. These goals are listed below in no particular order or ranking:

- Rehabilitation degrading infrastructure to improve mobility and reduce hazardous conditions for Pasadena residents;
- Develop and maintain an adequate supply of safe, sanitary and decent housing that are affordable and accessible to residents within low-income guidelines by utilizing CDBG and HOME funds to assist with housing rehabilitation efforts;
- Reduce homelessness by providing supportive services through local shelters and non-profit agencies; and
- Strengthen neighborhoods by investing in public service activities benefiting the community, including those with special needs.

During the five-year strategic plan, the City will strive to utilize all three funding sources to best provide affordable housing opportunities throughout the community. Funds provided by CDBG will support affordable housing with Housing Rehabilitation Program Administration. The HOME Program will support affordable housing by providing housing rehabilitation services, tenant based rental assistance and homebuyer opportunities to eligible low-income households. Contingent upon receipt, the ESG Program will provide housing opportunities to homeless households through the facilitation of the Rapid Re-housing Program Component administered by subrecipient agencies.

The 2024 Annual Action Plan lists proposed quantifiable goals that will be used to measure progress of the activities at the end of the program year. Information regarding various protected class traits is collected and recorded in IDIS and will assist in determining how the proposed activities helped address the needs of the relevant protected classes. The data gathered varies depending on the project, activity and funding source. Quantifiable goals and other measures are included in the Consolidated Annual Performance Evaluation Report (CAPER) at the end of each reporting period.

The City of Pasadena is committed to providing opportunities for all its citizens, including minorities and non-English speaking persons, to participate in an advisory role in the planning, implementation and assessment of the CDBG and HOME Programs. The City will emphasize the involvement of low-income and moderate-income persons, particularly those living in slum and blighted areas, areas designated as a revitalization area, area where

Analysis of Impediments to Fair Housing Choice

2024 Annual Action Plan

federal funds are proposed to be used, and low-to moderate-income neighborhoods where 51% of the residents are at or below 80% of the area median income (AMI).

The City encourages the participation of local and regional institutions, the Continuum of Care, broadband internet service providers, organizations engaged in narrowing the digital divide, agencies who manage flood prone areas, public land or water resources, and emergency management agencies and other organizations (including businesses, developers, nonprofit organizations, philanthropic organizations, and community-based and faith-based organizations) in the process of developing and implementing the documents related to the consolidated planning process.

To encourage citizen participation that emphasizes the involvement of low- to moderate-income residents, the City will continue to work with public housing authorities, neighborhood groups, and other organizations representing the City's low- to moderate- income areas and residents.

In order to encourage and support participation of citizens, the City will provide comprehensive information, hold public hearings, and give citizens the opportunity to comment on the City's plan for implementation and assessment of the accomplishments attained utilizing federal funds. Citizen participation is essential for a viable program, and while the final authority for decision-making rests with the City Council, the City recognizes that exchange of information among citizens and elected officials will allow for a stronger, more responsive housing and economic development effort in the City of Pasadena.

During the development of the 2024 Annual Action Plan, the City made efforts to broaden citizen participation by conducting public hearings and/or meetings both in person and simultaneously on virtual platforms. Additionally, information regarding all public hearings was posted to the City webpage to broaden community awareness, however no fair housing complaints were received.

The compliant process and forms are also available on the City of Pasadena website at <http://www.pasadenatx.gov/479/Fair-Housing>.

Listed below are the actions the City of Pasadena anticipates carrying out during Program Year 2024 to address the impediments identified in the AI. Many of these fair housing activities are directly related to the projects listed in the 2024 Annual Action Plan, while other fair housing actions are not related to individual projects but instead, are general fair housing education and outreach activities.

ACTION NO. 1: REFORM, REMOVE OR MODIFY REGULATORY BARRIERS TO ADDITIONAL AFFORDABLE HOUSING

During the reporting period, the Community Development Department will advocate for revisions to local ordinances that negatively impact affordable housing and residential investment and provide necessary City staff with recommendations made under the AI. These recommendations can stimulate the rehabilitation and/or conversion of existing buildings to affordable housing and serve, in part, to address the City of Pasadena's lack of land use zoning.

City of Pasadena

ACTION NO. 2: CONSIDER NEW FINANCIAL INCENTIVES FOR AFFORDABLE HOUSING

The City's Housing Rehabilitation Services Program (HRSP), administered through HOME, provides minor to moderate rehabilitation of homes owned and occupied by low to moderate income residents of Pasadena. If rehabilitation needs are too excessive, the City will provide demolition and reconstruction of single – family homes owned and occupied by low to moderate income residents of Pasadena. The total amount of financial assistance provided is in the form of a no-interest 100% deferred loan.

ACTION NO. 3: IDENTIFY AND MAKE AVAILABLE SURPLUS PUBLIC LANDS FOR AFFORDABLE HOUSING

The City of Pasadena Community Development Department partners with Habitat for Humanity to construct and sale affordable housing units to low-income families. It is anticipated that two first time homebuyers will be assisted within the reporting period.

As Pasadena seeks to build out, new and expanded development puts more pressure on how its land is used. The fallout from Hurricane Harvey in August 2017 exacerbated the problem by driving higher standards for construction, which limit land use even more. As part of their five-year strategic plan, Pasadena Economic Development Corporation (EDC) intends to advocate for the creation of a tax increment reinvestment zone (TIRZ), which will spur development efforts.

ACTION NO. 4: EXPAND TENANT OUTREACH AND ADOPT EVICTION ASSISTANCE AND PREVENTION MEASURES

Briefing packets are provided to all tenants and landlords who participate in the City's Housing Choice Voucher (HCV) Program. The handbook explains the rights and responsibilities of both the landlord and tenant, guidelines when entering into a new lease, tips for tenants and landlords, and explains the eviction process. Persons who are not homeless but have other special needs, such as a disability, who encounter landlords who may refuse to accommodate request may be assisted by this information.

The City will expand its efforts in the current reporting period by more widely publicizing and distributing the briefing packets in English and Spanish.

ACTION NO. 5: CONTINUE TO INSPECT, ENCOURAGE AND PROMOTE LEAD-BASED PAINT REMOVAL

The City continues to take actions to ensure that all housing programs meet the lead-based paint and disclosure provisions required under Title X. Plans to address lead-based paint hazards include:

- Continued distribution of the "Protect Your Family from Lead in Your Home" pamphlet to program participants and interested parties;
- Continued inspection for potential lead hazard for all houses which receive HUD funds for rehabilitation and households receiving rapid re-housing assistance;
- Continued treatment of identified lead-based paint hazards;

City of Pasadena

- Consults with the Harris County Department of Public Health, Environmental Public Health Division on a quarterly basis to request the names and addresses of all children under the age of six who may have been affected and have Environmental Intervention Blood Lead Levels (EIBLL);
- Training and certification for staff supervising work on projects which require lead-based paint reduction activities; and,
- Enforcement of requirements for lead-based paint inspections by firms performing risk assessments for the City of Pasadena to include a copy of certification to perform risk assessments, copies of risk assessor's state/EPA certification license, copy of analytical laboratory EPA recognition, and copy of risk assessment firm's radiation safety license or registration.

The City will expand its efforts in the current reporting period by more widely publicizing and distributing the “Protect Your Family from Lead in Your Home” pamphlet in English and Spanish to landlords, realtors, lenders and health care providers based in Pasadena.

ACTION NO. 6: INCREASE FUNDING FOR LOCAL HOMELESS PROGRAMS

The City of Pasadena will utilize CDBG and ESG funds to provide financial support to local emergency shelters to assist homeless women and children within the Pasadena area transition from homelessness to independent living. CDBG funds will be utilized to support staff costs directly related to the administration of the Homeless Shelter Services. Funds will also pay for the operational costs associated with the homeless shelter.

The City of Pasadena plans to provide financial support to local emergency shelters to assist homeless women, children and victims of domestic violence and sexual abuse. Through case management, multiple services are provided to each homeless individual or family upon entry into the program to assess further needs, such as child care, transportation, counseling and support groups, legal aide, medical services and education services to promote self-sufficiency.

ACTION NO. 7: EXPAND OWNER AND RENTAL REHABILITATION PROGRAMS

The City of Pasadena’s housing condition indicates a definite need for owner and rental rehabilitation. The age of the City’s housing stock plays a vital role in the housing market. Older units can and will impact the longevity of a housing structure. Rehabilitation efforts will enhance the housing supply thus increasing the accessibility and affordability.

During Program Year 2024, the City will focus efforts on owner rehabilitation. The Housing Rehabilitation Services Program, administered with HOME funds, provides rehabilitation, as well as demolition/reconstruction, of single-family homes owned and occupied by low- to moderate-income residents of Pasadena. These repairs include structural and cosmetic repairs both inside the unit and on the exterior and testing for and remediation of lead-based paint hazards for homes built prior to 1978. The estimated number of income-eligible households to be served during Program Year 2024 is three.

ACTION NO. 8: CONTINUE PROMOTION OF FAIR HOUSING

The City of Pasadena Community Development Department continuously promotes fair housing choice through the participation in trainings, seminars, community events and workshops. Information materials are available in English and Spanish to all residents and provided to all program participants. Community Development staff attended the 2024 Southeast Harris County Annual Hurricane Workshop and Southeast Regional Local Emergency Planning Committee Community Health and Safety Fair on June 1, 2024, the Madison Jobe Senior Center on April 12, 2024, and Madison Jobe Senior Expo – Health and Information Fair on August 14, 2024 to provide information materials and answer questions regarding fair housing.

Furthermore, the Community Development Department has partnered with the Pasadena Libraries to host a storybook reading of “When Chocolate Milk Moved In” by Ken Harvey targeted to ages 4-8 years old to be read during the month of April. The reading was held on April 11, 2024 at the Fairmont Library located at 4330 Fairmont Pkwy, Pasadena, TX 77504.

Specific Community Development Block Grant Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

Following a Plan -- It is following a current consolidated plan that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. Overall Benefit. The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) ²⁰²⁴ _____ [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

Compliance with Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601-3619) and implementing regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, Subparts A, B, J, K and R.

Compliance with Laws -- It will comply with applicable laws.
